BRAC COMMISSION:

This morning I took my usual walk. The air was pure and my vision was clear for miles.

This is an excellent example of the flights for many days here in New Mexico.

Cannon Air Base is the "Heart and Soul" of Clovis. Please, please do not permit the closure of it.

Visit us! You will encounter numerous accounts of our love for the air force members.

Sincerely
Glenne Gant

BRAC Commission:
I am handicapped.
My mother is writing
this letter to state:
Please do not have
the closure of Cannon
Air Base.
Cannon Air Base has
been a life line for
the employment of the
handicapped.
With much appreciation
for your consideration
and thoughtfulness of
the handicapped -
I remain,
Sidney McGee
