Hello, my name Maurice Monson and I wanted to write each of you with the thought of how Cannon AFB affected my life

I've served my country in the US Air Force for eight wonderful years. Even though I was only stationed at two bases (Howard AFB & Cannon).

Two significant things occured while I was enlisted. The first was my son, who is now 20 yrs of age was born at Howard AFB, Panama, Panama. I will always have fond memories of that base.

The second significant thing that happend to me was receiving a call to ministry while stationed at Cannon AFB, Clovis, NM. Why is this significant? I pursued the ministry through Bible School training in Oklahoma. After 10 yrs there, I came back to Clovis with my family and became apart of the community.

Once a SSgt in the US Air Force and a minister of the Gospel in Clovis.

Thanks for reading!
