The Honorable Anthony J Principi,

I have been a resident of Portales since 1963 and am greatly concerned about the recommendation to close Cannon Air Force Base.

Of particular concern to me is the fact that the Key Cannon Committee has not been able to have access to the reasons on which the decision was based. Compared to alternative sites, Cannon has many features of great value in training: wide air space without encroachment, two runways at right angles for landing or takeoff in any wind condition, many days of good flying weather, and the bombing range a few minutes away.

For years Cannon personnel have been interwoven into the Portales - Clovis communities. I have had many airmen in my classes

Admiral Harold W. Gehman Jr.

I have been a resident of Portales since 1963 and am greatly concerned about the recommendation to close Cannon Air Force Base.

Of particular concern to me is the fact that the Keep Cannon Committee has not been able to have access to the reasons on which the decision to close was based. Compared to alternative sites to be kept open, Cannon has many features of great military value: wide air space without encroachment, two runways at right angles, allowing operations in any wind direction, & a bombing range only a few minutes away.

For years, Cannon personnel have been interwoven into the Portales & Clovis communities, with many settling here after their service was completed. I have had many airmen in my classes at Eastern New Mexico University. Removal of the base would be a devastating blow to the economy of Portales & especially Clovis.

Keep Cannon!

Mercedes Aggipino

PS. I regret I cannot participate in the demonstration of support at the BRAC hearing this week as I am on vacation in California

The Honorable James H. Bilbray,

I have been a resident of Portales since 1963 and am greatly concerned about the recommendation to close Cannon Air Force Base.

Of particular concern to me is the fact that the Keep Cannon Committee has not been able to have access to the reasons on which the decision to close was based. Compared to alternative sites to be kept open, Cannon has many features of great value in training: wide air space without incroachment, two runways at right angles for landing and takeoff in any wind condition, many days of good flying weather, and the bombing range a few minutes away.

For years Cannon personnel have been interwoven into the Portales & Clovis communities, with many settling here after their service was completed. I have had many airmen in my classes at Eastern New Mexico University. Removal of the base would be devastating to Portales & especially Clovis.

Keep Cannon!

Brigadier General Sue E Turner,

I have been a resident of Portales since 1963 and am greatly concerned about the recommendation to close Cannon Air Force Base.

Of particular concern to me is the fact that the Keep Cannon Committee has not been able to gain access to the reasons on which the decision to close was based. Compared to alternative sites to be kept open, Cannon has many features of great military & training value: wide air space without encroachment, two runways at right angles, allowing operations in any wind direction, & a bombing range a few minutes away.

For years, Cannon personnel have been interwoven into the Portales & Clovis communities, with many settling here after their service was completed. I have had many airmen in my classes at Eastern New Mexico University. Removal of the base would be devastating to the economy of Portales and especially Clovis.

The Honorable James V. Hansen

I have been a resident of Portales since 1963 and am greatly concerned about the recommendation to close Cannon Air Force Base.

Of particular concern to me is the fact that the Keep Cannon Committee has not been able to gain access to the reasons on which the decision to close our base.

Compared to alternative sites to be kept open, Cannon has many features of great military training value: wide air space without encroachment, two runways at right angles, allowing operations in any wind conditions, & a bombing range a few minutes away.

For years, Cannon personnel have been interwoven into the Portales & Clovis communities, with many settling here after their service was completed. I have had many airmen in my classes at Eastern New Mexico University. Removal of the base would be devastating to the economy of Portales & especially Clovis.

General James T. Hill,

I have been a resident of Portales since 1963 and am quietly concerned about the recommendation to close Cannon Air Force Base.

Of particular concern to me is the fact that the Keep Cannon Committee has not been able to gain access to the reasons on which the decision to close to be kept open. Compared to alternative sites of great military & training value: wide air space without encroachment, two runways at right angles, allowing operations in any wind direction, & a bombing range a few minutes away.

For years, Cannon personnel have been integrated into the Portales & Clovis communities, with many settling here after their service was completed. I have had many airmen in my classes at Eastern New Mexico University. Removal of the base would be devastating to the economy of Portales & especially Clovis.

Keep Cannon!

Mercedes Aguirre

P.S. I regret I cannot participate in the demonstration of support at the BRAC hearings this week as I am on vacation in California.
