Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Shannon Supon

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Irene G. Johnson

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

KENT RONICKOWIAK

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Ryan Locke

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department' s recommendation to close the Niagara Falls Air Force Reserve Base. The recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove this very important base from the list.

It is very difficult to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases.

It is also difficult to understand why the base whose unit helped to rescue Jessica Lynch in Iraq was chosen to close since it is the lead night vision C130 unit in the reserves.

This is a very sensitive geographic area. We are a border region and supply power to a large area of the Northeast. The closing of the base will make this region a more open target and less able to defend itself.

I urge the Commission in the strongest terms to remove the Niagara Falls AFB from the Pentagon's recommended list of closures and to stop the continuing retreat of the military from our region of the country.

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA. 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department' s recommendation to close the Niagara Falls Air Force Reserve Base. The recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove this very important base from the list.

It is very difficult to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases.

It is also difficult to understand why the base whose unit helped to rescue Jessica Lynch in Iraq was chosen to close since it is the lead night vision C130 unit in the reserves.

This is a very sensitive geographic area. We are a border region and supply power to a large area of the Northeast. The closing of the base will make this region a more open target and less able to defend itself.

I urge the Commission in the strongest terms to remove the Niagara Falls AFB from the Pentagon's recommended list of closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

[signature]

Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Sue Craft

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department' s recommendation to close the Niagara Falls Air Force Reserve Base. The recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove this very important base from the list.

It is very difficult to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases.

It is also difficult to understand why the base whose unit helped to rescue Jessica Lynch in Iraq was chosen to close since it is the lead night vision C130 unit in the reserves.

This is a very sensitive geographic area. We are a border region and supply power to a large area of the Northeast. The closing of the base will make this region a more open target and less able to defend itself.

I urge the Commission in the strongest terms to remove the Niagara Falls AFB from the Pentagon's recommended list of closures and to stop the continuing retreat of the military from our region of the country.

Arlington, VA. 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department' s recommendation to close the Niagara Falls Air Force Reserve Base. The recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove this very important base from the list.

It is very difficult to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases.

It is also difficult to understand why the base whose unit helped to rescue Jessica Lynch in Iraq was chosen to close since it is the lead night vision C130 unit in the reserves.

This is a very sensitive geographic area. We are a border region and supply power to a large area of the Northeast. The closing of the base will make this region a more open target and less able to defend itself.

I urge the Commission in the strongest terms to remove the Niagara Falls AFB from the Pentagon's recommended list of closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

[illegible]

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA. 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department' s recommendation to close the Niagara Falls Air Force Reserve Base. The recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove this very important base from the list.

It is very difficult to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases.

It is also difficult to understand why the base whose unit helped to rescue Jessica Lynch in Iraq was chosen to close since it is the lead night vision C130 unit in the reserves.

This is a very sensitive geographic area. We are a border region and supply power to a large area of the Northeast. The closing of the base will make this region a more open target and less able to defend itself.

I urge the Commission in the strongest terms to remove the Niagara Falls AFB from the Pentagon's recommended list of closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

(A Concerned Citizen)

Mrs. Frank Caniglia

I am deeply troubled by the Defense Department' s recommendation to close the Niagara Falls Air Force Reserve Base. The recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove this very important base from the list.

It is very difficult to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases.

It is also difficult to understand why the base whose unit helped to rescue Jessica Lynch in Iraq was chosen to close since it is the lead night vision C130 unit in the reserves.

This is a very sensitive geographic area. We are a border region and supply power to a large area of the Northeast. The closing of the base will make this region a more open target and less able to defend itself.

I urge the Commission in the strongest terms to remove the Niagara Falls AFB from the Pentagon's recommended list of closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Bernice Proctor

It is also difficult to understand why the base whose unit helped to rescue Jessica Lynch in Iraq was chosen to close since it is the lead night vision C130 unit in the reserves.

This is a very sensitive geographic area. We are a border region and supply power to a large area of the Northeast. The closing of the base will make this region a more open target and less able to defend itself.

I urge the Commission in the strongest terms to remove the Niagara Falls AFB from the Pentagon's recommended list of closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Ralph Daily

Arlington, VA. 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department' s recommendation to close the Niagara Falls Air Force Reserve Base. The recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove this very important base from the list.

It is very difficult to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases.

It is also difficult to understand why the base whose unit helped to rescue Jessica Lynch in Iraq was chosen to close since it is the lead night vision C130 unit in the reserves.

This is a very sensitive geographic area. We are a border region and supply power to a large area of the Northeast. The closing of the base will make this region a more open target and less able to defend itself.

I urge the Commission in the strongest terms to remove the Niagara Falls AFB from the Pentagon's recommended list of closures and to stop the continuing retreat of the military from our region of the country.

JUL 25 2005

Received

Chairman Anthony J.Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA. 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department' s recommendation to close the Niagara Falls Air Force Reserve Base. The recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove this very important base from the list.

It is very difficult to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases.

It is also difficult to understand why the base whose unit helped to rescue Jessica Lynch in Iraq was chosen to close since it is the lead night vision C130 unit in the reserves.

This is a very sensitive geographic area. We are a border region and supply power to a large area of the Northeast. The closing of the base will make this region a more open target and less able to defend itself.

I urge the Commission in the strongest terms to remove the Niagara Falls AFB from the Pentagon's recommended list of closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Kathleen Mckenzie

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. **The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.**
2. **Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.**
3. **Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.**
4. **Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.**
5. **Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.**

~~I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB~~ from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

John J Jasulavich III

P.O. Box 231
Niagara Falls, NY 14304-0231

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

David F Marsi

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Ray Carlstedt

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Leo Malone

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners;

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all bases to pick to close, how do you close a base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision c-130 unit in the Reserves. Please explain to me , as the only remaining major military installation in WNY, Niagara has been key to military recruitment, why would you want to close such a base in this time that we are facing significant challenges in military recruitment? Also, how will the Department defend the region, or will the Guard respond to man made or natural disasters, when they occur after these massive cuts?.

The impact of this decision will be devastating to the New York Air National Guard. I feel it will also affect the Pentagon's effort to recruit and retain current, as well as, future military personnel. Myself and all New Yorkers stand with the Niagara Falls/Western New York community and all the support for this base, and its retention. Overturn the Pentagon's recommendation and keep this base open.

I again urge the Commission in the strongest possible terms to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Suzanne L. Bognar

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Nathan P. Hurley

You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Mary R. Spicola

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Larry Snyder USN RETIRED

You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Marian J. Ballard

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.

Niagara Falls, NY 14304-0231

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Joseph M. Broome

Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

Please do not close the Niagara Falls AFB.

Sincerely,

Daniel G. Fox

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

John J. Thomson

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Patricia A. Putto

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Margaret Lane

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Tompkins H. Steele

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Dear Chairman Principi and BRAC Commissioners:

I am so concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Heather [illegible]

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Received

June, 2005

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am so concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

[illegible]

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Jeanette S. Kroening

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its [illegible] and its retention. Please, overturn the Pentagon's recommendation [illegible] base open.

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am so concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Amanda K Gill

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

(A Concerned Citizen)

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Beatrice C. Moz

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Mary Lawniczak

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Marilyn Kettner
