Brac Commission;

I have been going to Cannon Air Force Base since 1970. I live in Melrose because it is close to the Base. I get my prescriptions at the Pharmacy and shop at the Commisary. It would be a great loss if you close Cannon.

We have all the air space needed in traing new piolets. the run ways can handle any planes which may be needed. We need to build up Cannon not get rid of it.

Please reconsider closing Cannon. It means so much to this area and the people involved.

Sincerly
Mildred M. Givan
