Have you ever thought about what it would be like if C.F.B. wasn't apart of Clovis anymore? Think about how many families would have to move away from their friends and family. Almost all of my class has family working on the Base. So just think about all of the families is closing the base.

Sincerely,
Jaycie Lynch

Please don't close down the base. It means a lot to use here. If the base closes about 15 or 20% of the population will drop, which could close a lot of busines here. Even though the base might be small, it has a big impact here! So Please DON'T close the Base!

Dear BRAC,

I truly [illegible] Cannon should stay open. It [illegible] a big and important role in not only Clovis but in other places like [illegible]. Our economy and population are at an all time high, and to close Cannon our town would take a devistating blow. For the sake of our town and surrounding areas please take Cannon off your list. Thank you for taking the time to read my letter, and hear my opinion...

Dear Members of the BRAC Commission,

Please do not close Cannon Airforce Base. I have many friends that have mums and dads that work at the base. I would really hate it if they had to leave their jobs and have to move to another base. My grandpa used to work for the Base and I don't know where he would be financially if he wouldn't have gotten that job. I know that if you close Cannon it will hurt bruisnesses of all sizes. My dad and my other grandpa are owners of a small business. If you close Cannon it would have a huge effect on their bruisness and bruisnesses all around Clovis. Thats why I think you shouldn't close Cannon Airforce Base.

Sincerely,

Jonathan Justus age 12

Dear Members of the BRAC Commission

Thank you for reading our letters. I really think that you shouldn't close Cannon. There will not be any air force base for miles and miles. Also, it will affect the stores and Population very much. Lots of People will lose their jobs. Alot of people will go bankrupt. Think of all the people you'll be taking out of their homes. There will be an increase of homeless people. There will be lots of sadness across New Mexico. So that's what I think will happen if you close Cannon Air Force Base.

To whom it may concern:

Clovis surely won't be the same without the base. Please don't close it down! Think of all the people - all the friends, relatives - that will have to move if you do! So many people will have to suffer and move, while they've already been shifted around all their lives, while you just sit in your lounge chair drinking a hot cup of coffee and watching all those moving vans just roll away. How heartless! Clovis' economy will totally shatter if you close the base! The majority of Clovis works there! How dare you? Please don't shut it down!

Sincerely,

Mallory West
