Dear Brac Commission and the President,

Homeland Security is vital in this country especially since "911". Retaining Brunswick Naval Air Station as a fully operational base is mandatory and essential to homeland security. God forbid our enemies strike again in New York City or in Boston and all our planes are in Jacksonville, Florida. It would take hours for these planes to rally to our defense. We need Brunswick Naval Air Station fully operational to protect the United States in the Northeast. PLEASE RETAIN THE SQUADRONS THAT ARE ALREADY IN PLACE AT THE BRUNSWICK NAVAL AIR STATION for our NATIONAL SECURITY.

Respectfully,

Cecille Morris Tetrev
