MEMORANDUM FOR DEPUTY COMMANDANT (INSTALLATIONS AND LOGISTICS)

Subj: MANPOWER SUPPORT FOR THE JOINT CROSS SERVICE GROUPS

Ref: (a) ASN I&E memo of 5 Sep 2003  
(b) DC I&L memo LF of 15 Nov 2003

In accordance with ref (a), I have reviewed your request for military personnel and contractor support as describe in ref (b). While I concur with the appropriateness of the billets requested, the Infrastructure Analysis Team (IAT) is not adequately manned to support 6 full time military billets on-site at Quantico, in addition to the support the IAT is currently providing to the Education and Training Joint Cross Service Group. Recommend that you work with Headquarters, Marine Corps to obtain the required personnel.

Funding is available for three on-site contractors to support the Ranges subgroup. I would like the contractor to provide support for both Navy and Marine Corps requirements, if possible. Request the appropriate personnel on your staff work with the IAT staff to identify all requirements. The IAT point of contact for this matter is Captain Gene Summerlin, 703 602-6431.
