

DEPARTMENT OF THE NAVY

OFFICE OF THE SECRETARY
1000 NAVY PENTAGON
WASHINGTON, D.C. 20350-1000

9 August 04

MEMORANDUM FOR ACTING UNDER SECRETARY OF DEFENSE
(ACQUISITION, TECHNOLOGY AND LOGISTICS)

Subj: PROVISION OF CERTIFIED DEPARTMENT OF THE NAVY DATA TO THE
BRAC 2005 JOINT CROSS SERVICE GROUPS

- Encl: (1) Department of Navy Activities with Certified Data
(2) Department of Navy Activities with Data to be
certified by 23 August 2004
(3) Initial Summary of Data Concerns

In compliance with both the Office of the Secretary of Defense (OSD) Internal Control Plan (ICP) for the Base Realignment and Closure Process, Appendix B to Under Secretary of Defense (Acquisition, Technology and Logistics) Memorandum "Transformation Through Base Realignment and Closure (BRAC 2005) Policy Memorandum One - Policy, Responsibilities, and Procedures," dated 16 April 2003, and the Department of the Navy Procedures for Certification of BRAC 2005 Information, enclosure (1) to Secretary of the Navy Memorandum "Internal Control Plan for Management of the Department of the Navy 2005 Base Closure and Realignment (BRAC) Process Policy Advisory Two," dated 27 June 2003, this memorandum is a certification of Department of the Navy (DON) data provided to the Joint Cross Service Groups (JCSGs) for their use in analyzing common business support functions. The data consists of certified responses to the Supplemental Capacity Data Call-1, 30 June 2004, and is being provided to the JCSGs via the DON Base Information Transfer System (DONBITS) and Capacity Analysis Database (CAD).

Enclosure (1) provides the list of 39 DON activities for which we are providing certified data in response to the Supplemental Capacity Data Call. Cumulative total for this data call is now 169 activities (57% of the total DON universe of activities). Enclosure (2) provides the list of DON activities for which we are not providing certified supplemental capacity data at this time. Forty-nine activities have been reissued the data call due to targeting issues related to the Headquarters and Support Activities (HSA) supplemental capacity questions. Certified data call responses from these HSA activities are expected to be transmitted to OSD on 16 August 2004. Seventeen activities have been reissued the data call due to targeting issues related to the Education and Training (E&T) supplemental capacity questions. Certified data call responses from these

E&T activities are expected to be transmitted to OSD on 23 August 2004. Since there is some overlap in activities that are receiving the reissued HSA and E&T supplemental capacity data calls, there are 61 activities (20%) involved in responding to the reissued data calls. Certified supplemental capacity data from the remaining 68 activities (23%) is not included in this transmittal because the data is not completely through the certification chain. We expect these activities' data call responses to be transmitted to OSD on 16 August.

During the course of our initial quality review of the data, we discovered a few areas where we believe the data is incorrect, incomplete, or in need of further clarification. A summary of the data concerns identified to date is provided in enclosure (3). We are taking action to resolve these concerns. Additionally, we anticipate that other areas of concern will be identified as we conduct more detailed analysis in the coming weeks. The JCSGs may also find during the course of their own analysis of the data, additional areas requiring clarification or supplementation, and request additional data be collected. Updated certified data will be collected by the IAT and provided to the JCSGs as part of the weekly refresh to the CAD as it becomes available.

Subject to the foregoing, I certify that the information is accurate and complete to the best of my knowledge and belief.

for

Anne Rathmell Davis
Special Assistant to the Secretary of the
Navy for Base Realignment and Closure

Initial Summary of Data Concerns
(Supplemental Capacity Data Call 1, Issued 30 June 2004)

Education and Training JCSG Related Issues:

DoD 4002-4005 NAVAL AIR FACILITY EL CENTRO, CA. List R2510, no entries for R2512. Questions 4009-4011 show R2510 combined with R2512, if not contiguous, this is not allowed. Question 4052 breaks both R2510 and R2512 into two separate entries, for a total of 4 entries. One convention for answering questions should be adopted and maintained. With differing methodology it is impossible to tell if R2512 was forgotten from earlier questions or has no testing data.

DoD 4002 COMSUBLANT NORFOLK VA. Test hours reported in 4002 are not accounted for in 4012-4050. Activity must account for these hours in whatever questions (4012-4040) are appropriate.

DoD 4051 NAVAL AIR STATION MERIDIAN, MS. All questions originally answered N/A. 4009-4011 modified during review. Other questions apply to the airspace scheduled by NAS Meridian, like 4051. Activity must review and correct other entries as appropriate.

DoD 4002-4062 NAVAL AIR STATION CORPUS CHRISTI, TX. None of the range questions 4002-4062 were answered for the ten areas listed in questions DoD 160 and 169 from the original capacity data call 1. Questions like longest straight line distance, at a minimum, do apply. Activity must review and correct entries as appropriate.

DoD 4002-4062 NAS NORTH ISLAND CA. Questions 4002-4062 answered for SCORE and SHOBA, which is also in FACSFAC SD response. Activity must eliminate those responses if not the scheduling authority.

DoD 4051 NAS NORTH ISLAND CA. Along with SCORE, SOAR range also listed. It is not listed in any other response. It may or may not be reported by another activity under a W or R designation. Activity must either fill out other questions as appropriate for SOAR range or eliminate if reported by the scheduling activity.

DoD 4052 FACSFAC SAN DIEGO CA. All range responses list "whiskey" areas, which is good. Some list "SHOBA", some "SOAR", and some "SCORE". Usually, if SCORE is listed, SOAR and SHOBA are not and vice versa. Question 4052 does not list SOAR or SCORE. Inconsistencies in the list of ranges makes it difficult or impossible for those unfamiliar with Southern California Offshore OPAREA to understand what is being reported.

HS&A JCSG Related Issues:

DoD 4096 NAVSTA SAN DIEGO CA. Reported total supported workforce significantly lower than anticipated (Less than 11,000 – 5,268 Military, 4680 DoD Civilian, 17 Contractor, 655 family member). By comparison, NAVSTA Norfolk reported in excess of 100,000).
