MEMORANDUM FOR ACTING UNDER SECRETARY OF DEFENSE (ACQUISITION,
 TECHNOLOGY AND LOGISTICS)

Subj: PROVISION OF CERTIFIED DEPARTMENT OF THE NAVY DATA TO THE
 BRAC 2005 JOINT CROSS SERVICE GROUPS - Data Call 2:
 Industrial MILVAL, 17 June 2004

- Encl: (1) Department of Navy Activities with Certified Data -
 Data Call 2: Industrial MILVAL, 17 June 2004
 (2) Department of Navy Activities with Data Yet to be
 Certified - Data Call 2: Industrial MILVAL, 17 June
 2004
 (3) Initial Summary of Data Concerns - Data Call 2:
 Industrial MILVAL, 17 June 2004

In compliance with both the Office of the Secretary of Defense (OSD) Internal Control Plan (ICP) for the Base Realignment and Closure Process, Appendix B to Under Secretary of Defense (Acquisition, Technology and Logistics) Memorandum "Transformation Through Base Realignment and Closure (BRAC 2005) Policy Memorandum One - Policy, Responsibilities, and Procedures," dated 16 April 2003, and the Department of the Navy Procedures for Certification of BRAC 2005 Information, enclosure (1) to Secretary of the Navy Memorandum "Internal Control Plan for Management of the Department of the Navy 2005 Base Closure and Realignment (BRAC) Process Policy Advisory Two," dated 27 June 2003, this memorandum is a certification of Department of the Navy (DON) data provided to the Joint Cross Service Groups (JCSGs) for their use in analyzing common business support functions. The data consists of certified responses to Data Call 2: Industrial MILVAL, issued 17 June 2004 and is being provided to the JCSGs via the DON Base Information Transfer System (DONBITS) and Military Value Analysis Database (MAD).

Enclosure (1) provides the list of 118 DON activities (87% of the total DON universe of activities) for which we are providing certified data in response to the Industrial MILVAL Data Call. Enclosure (2) provides the list of DON activities for which we are not providing certified military value data at this time. Certified military value data from the remaining 18 activities is not included in this transmittal because the data is not completely through the certification chain. We expect these activities' data call responses to be transmitted to OSD on 23 August.

During the course of our initial quality review of the data, we discovered a few areas where we believe the data is incorrect, incomplete, or in need of further clarification. A

summary of the data concerns identified to date is provided in enclosure (3). We are taking action to resolve these concerns. Additionally, we anticipate that other areas of concern will be identified as we conduct more detailed analysis in the coming weeks. The JCSGs may also find during the course of their own analysis of the data, additional areas requiring clarification or supplementation, and request additional data be collected. Updated certified data will be collected by the IAT and provided to the JCSGs as part of the weekly refresh to the MAD as it becomes available.

Subject to the foregoing, I certify that the information is accurate and complete to the best of my knowledge and belief.

Special Assistant to the Secretary of the Navy
for Base Realignment and Closure

Data Call 2: Dept of Navy Industrial MILVAL, 17 June 2004, Issue Summary – For Industrial Questions and Targeted Activities

Issues:

DoD Numbers 2384 – 2388, 2397, and 2404. CDU_SAN_DIEGO_CA. COMPACFLT. The administrator made changes to the activity response without uploading a documenting change record.

DoD Number 2352. CG_MCB_HAWAII. The activity did not identify Combat Field Support/Intermediate Maintenance Commodity, Aircraft Components DLH workload performed for a customer.

DoD Number 2242. CO_MCLB_ALBANY_GA. The activity reported facilities that are not directly used in support of maintenance operations (employee development centers, comfort stations and a cafeteria). Responding to DoD 2242 triggers reconfirmation of answers provided to DoD Numbers: 2243-2245, 2248-2249, 2252-2256; 2259, 2262, 2264, 2265, 2267-2269, 2272, 2309-2311, 2314-2315, 2318-2323, 2325, 2328, 2330-2331, 2333-2335 and 2339

DoD Numbers 2161-2218, 2221-2237, 2287-2343. CO_MCLB_BARSTOW_CA. Some problems are evident. For DoD Numbers 2161 – 2218 it appears that MCLB Barstow identified activities in the commodity groups for which they perform work that do not meet the IJCSG's intent of operational or supply activities receiving or providing direct support (2161-2218). For DoD 2221 – 2277 Barstow may have included facilities that are not used in direct support of depot work performed, i.e., Lunch and Locker rooms. For DoD 2287 – 2343 Barstow may have identified building space facilities that are not used in direct support depot work performed.

DoD Number 2348 - 2350. COMHELTACWINGLANT_NORFOLK_VA. COMHELTACWINGLANT reported interservice work performed for a Navy activity (FY 01 through 03). The activity should reconfirm this entry, as normally no data in the Navy column is expected.

DoD Numbers 2348 through 2350. COMPATRECONWING_FIVE_BRUNSWICK_ME. Appears activity-misunderstood intent of the questions. The activity reported work performed for other Navy activities as "Interservice" workload. COMPATRECONWING_FIVE_BRUNSWICK should reconfirm this entry, as normally no data in the Navy column would be expected. DoD Numbers 2365, 2236, 2370, 2373, and 2374, the activity entered incorrect service category code Numbers (CCN) (C-1 is not a valid CCN code) .

DoD Numbers 2388, 2403, 2407 and 2412. COMREGSUPPGRU_MAYPORT_FL. Possible incorrect answer by responding "no" to the capable AIMD Jacksonville and NADEP Jacksonville of performing intermediate depot maintenance. Possible wrong answers for DoD Numbers 2403 and 2407, we expect Mayport to identify Sailors as attending schools offered at a co-located activity. DoD Number 2412, we expect Mayport to identify annual Real Property Maintenance Expenses for FY 99 through 03.

DoD Numbers 2352, 2356, 2365, and 2369. COMSEACONWINPAC_SAN_DIEGO_CA. Recertification of data change made by Fleet Forces Command required at the activity, regional and Pacific Fleet levels.

DoD Numbers 2348- 2350. MCAS_BEAUFORT_SC. MCAS reported interservice work performed for a USMC activity in DoD Number 2348. The activity should reconfirm this entry, as a Marine Corps activity cannot perform interservice work for another Marine Corps activity. Responding to this question triggers reevaluation of response provided to DoD Numbers 2349 and 2350 as a zero response.

DoD Number 2348 – 2383. MCAS_YUMA_AZ. Not applicable answers provided by MCAS Yuma appear to be erroneous. The activity will be asked to reconfirm Intermediate Maintenance responses.

DoD Numbers 2348 - 2350. NAF_WASHINGTON_DC. The activity reported Interservice Direct Labor Hours for work performed for other naval activities. The activity should reconfirm this entry, as normally no data in the Navy column would be expected. The activity is also asked to reconfirm entries made for work performed for the Air Force, Army and Marine Corps.

DoD Number 2350. NAS_ATLANTA_GA. NAS Atlanta reported interservice work performed for a Navy activity. The activity should reconfirm this entry, as a Navy activity cannot perform interservice work for another Navy activity.

DoD Numbers 2348 – 2383. NAS_CORPUS_CHRISTI_TX. The Industrial Intermediate Maintenance Military Value questions were not provided prior to the certification of the data call.

DoD Numbers 2421 – 2422. NAS_JRB_WILLOW_GROVE_PA. If NAS_JRB_WILLOW_GROVE does not perform process work as indicated in DoD Number 2421, than DoD 2422 should be answered as zero or Not Applicable.

DoD Numbers 2348 – 2350, and 2364. NAS_PENSACOLA_FL. For DoD 2348 – 2350 it appears NAS reported interservice work performed for a Navy activity. The activity should reconfirm this entry, as a Navy activity cannot perform interservice work for another Navy activity. For DoD 2364, it appears that the answer is incomplete and additional data is required.

DoD Number 2348 – 2350. NAS_WHITING_FIELD_MILTON_FL. NAS reported interservice work performed for a Navy activity. The activity should reconfirm this entry, as a Navy activity cannot perform interservice work for another Navy activity.

DoD Numbers 2427 - 2435. NAVSTA_MAYPORT_FL. Possibility that NAVSTA answered questions that are applicable only to wholesale munitions operations. Recommend NAVSTA review question amplifying information (OSD FAQ of 20 July) and revalidate answers. If NAVSTA does not change answers, then they should 1) verify unit of measurements to ensure it is in the thousands of square feet vice actual square feet; and 2) reconfirm that it is or is not a wholesale and force sustainment installation.

DoD Numbers 2427 - 2435. NAVSTA_NORFOLK_VA. Possibility that NAVSTA answered questions that are applicable only to wholesale munitions operations. Recommend NAVSTA review question amplifying information (OSD FAQ of 20 July) and revalidate answers. If NAVSTA does not change answers, then they should reconfirm that it is or is not a wholesale and force sustainment installation.

DoD Number 2427 – 2435. NAVSTA_SAN_DIEGO_CA. Possibility that NAVSTA answered questions that are applicable only to wholesale munitions operations. Recommend NAVSTA review question amplifying information (OSD FAQ of 20 July) and revalidate answers. If NAVSTA does not change answers, then they should reconfirm that it is or is not a wholesale and force sustainment installation.

DoD Number 2412. NAVIMFAC_PACNORWEST_BANGOR_WA. The not applicable response for facilities maintenance for this activity appears to be erroneous for this activity.

DoD Number Not Applicable. NAVMAG_INDIAN_ISLAND. PACFLT change record missing.

DoD Numbers 2389. NAVNUPWRTRAU_CHARLESTON_SC. NAVNUPWRTRAU provided entries for DoD Number 2390 which triggered a required response other than N/A to DoD 2389.

DoD Numbers 2370 and 2382. NAVAIRENGSTA_LAKEHURST_NJ. For DoD Number 2370, we expect NAVAIRENGSTA Lakehurst to provide facilities information for work performed on a commodity group. For DoD Number 2382, request the activity to revalidate that a trade school or college is not located within 50-miles of the activity.

DoD Numbers 2403 and 2412. NAVIMFAC_PACNORWEST_EVERETT_WA. For DoD 2403, Navy ships should not be counted for berthing. For DoD 2412, The not applicable response for this activity appears to be erroneous for this activity.

DoD Number 2412. TRIREFFAC_KINGS_BAY_GA. TRIREFFAC “not applicable” response for this activity appears to be erroneous for this question.

DoD Numbers 2389 - 2390 and 2404. NAVSUBSUPPFAC_NEW_LONDON_CT. NAVSUBSUPPFAC listed contractor information in DoD Number 2389; therefore the activity should have included information about these contractors in DoD 2390. For DoD 2404, the activity did not provide answers in the proper units and column four does not reflect all work performed by the activity.

DoD Numbers 2398 and 2404. NAVSHIPYD_AND_IMF_PEARL_HARBOR_HI. For DoD 2398, it appears that the activity provided ships berthing names vice the name of the pier or wharf. For DoD 2404 the activity may have combined all off-site support data as one entry, if so, the activity should report this information separately.

DoD Number 2398. NAVSHIPYD_PORTSMOUTH_NH. Response provided by NAVSHIPYD_PORTSMOUTH appears to be incorrect. The question is intended to capture wharves not berths on wharves.

DoD Number 2427 - 2435. NAVSUPACT_PANAMA_CITY_FL. Possibility that NAVSUPACT_PANAMA_CITY answered questions that are applicable only to wholesale munitions operations. Recommend NAVSUPACT review question amplifying information (OSD FAQ of 20 July) and revalidate answers to reconfirm that it is or is not a wholesale and force sustainment installation.

DoD Number 2344. NAVUNSEAWARCENDIV_KEYPORT_WA. The intent of this question is to identify if an airfield (i.e. runway) is located on the base. Activity's response was positive to the airfield but is questionable as it only reports a helicopter pad not a runway.

DoD Numbers 2405 and 2387. SIMA_NORFOLK_VA. The activity reported repairs for other agency ships in DOD Number 2387; therefore, DoD Number 2405 cannot be answered as "N/A" for inter-/intra- service work.

DoD Number 2375 - 2382. SUBTORPFAC_YORKTOWN_VA. The activity provided N/A responses. Questions 2375 through 2381 should be answered (answers containing zero or more). DoD Number 2382, a list of accredited trade schools/colleges/universities within 50-mile distance from the activity is required. No DoD Number, the Region did not upload change record for 11 August corrections.

DoD Number 2415. WPNSTA_CHARLESTON_SC. The Load, Assemble & Pack entry associated with operations at the MOMAU is inappropriate. The "Load" portion is an integral part of LAP operations and entails casting explosive into the metal parts. The XO of the MOMAU confirmed that their operations are final assembly and packaging and they are not performing real LAP operations. Eliminating this mistaken workload means that the question should be marked N/A. Responding to DoD 2415 triggers reconfirmation of answers provided to DoD Numbers 2413 and 2415.
