

**DEPARTMENT OF THE NAVY**OFFICE OF THE SECRETARY
1000 NAVY PENTAGON
WASHINGTON, D.C. 20350-1000

23 August 04

MEMORANDUM FOR ACTING UNDER SECRETARY OF DEFENSE (ACQUISITION,
TECHNOLOGY AND LOGISTICS)Subj: PROVISION OF CERTIFIED DEPARTMENT OF THE NAVY DATA TO THE BRAC
2005 JOINT CROSS SERVICE GROUPS

- Encl: (1) Department of Navy Activities with Certified Data
(2) Department of Navy Activities with Data to be certified by 30
August 2004
(3) Initial Summary of Data Concerns

In compliance with both the Office of the Secretary of Defense (OSD) Internal Control Plan (ICP) for the Base Realignment and Closure Process, Appendix B to Under Secretary of Defense (Acquisition, Technology and Logistics) Memorandum "Transformation Through Base Realignment and Closure (BRAC 2005) Policy Memorandum One - Policy, Responsibilities, and Procedures," dated 16 April 2003, and the Department of the Navy Procedures for Certification of BRAC 2005 Information, enclosure (1) to Secretary of the Navy Memorandum "Internal Control Plan for Management of the Department of the Navy 2005 Base Closure and Realignment (BRAC) Process Policy Advisory Two," dated 27 June 2003, this memorandum is a certification of Department of the Navy (DON) data provided to the Joint Cross Service Groups (JCSGs) for their use in analyzing common business support functions. The data consists of certified responses to the Supplemental Capacity Data Call-1, 30 June 2004, and is being provided to the JCSGs via the DON Base Information Transfer System (DONBITS) and Capacity Analysis Database (CAD).

Enclosure (1) provides the list of 81 DON activities for which we are providing certified data in response to the Supplemental Capacity Data Call. Cumulative total of responding activities for this data call is now 281 activities (95% of the DON universe of activities receiving the supplemental capacity data call). Enclosure (2) provides the list of DON activities for which we are not providing certified supplemental capacity data at this time. Seventeen activities were reissued the data call due to targeting issues related to the Education and Training (E&T) supplemental capacity questions. Seven of activities have not certified their data. Certified supplemental capacity data from the remaining nine activities is not included in this transmittal because the data is not completely through the certification chain. We expect these sixteen activities' data call responses to be transmitted to OSD on 30 August.

Subj: PROVISION OF CERTIFIED DEPARTMENT OF THE NAVY DATA TO THE BRAC
2005 JOINT CROSS SERVICE GROUPS

During the course of our initial quality review of the data, we discovered a few areas where we believe the data is incorrect, incomplete, or in need of further clarification. A summary of the data concerns identified to date is provided in enclosure (3). We are taking action to resolve these concerns. Additionally, we anticipate that other areas of concern will be identified as we conduct more detailed analysis in the coming weeks. The JCSGs may also find during the course of their own analysis of the data, additional areas requiring clarification or supplementation, and request additional data be collected. Updated certified data will be collected by the IAT and provided to the JCSGs as part of the weekly refresh to the CAD as it becomes available.

Subject to the foregoing, I certify that the information is accurate and complete to the best of my knowledge and belief.

Anne Rathmell Davis
Special Assistant to the Secretary of the Navy
for Base Realignment and Closure

**Initial Summary of Data Concerns
(Supplemental Capacity Data Call 1, Issued 30 June 2004)**

Education and Training JCSG Related Issues:

DoD 4002-4053, 4061-4062 NAVSURFWARCENDIV_DAHLGREN_VA. Per discussions regarding initial capacity data call, these questions require modification.

DoD 4002 COMNAVAIRWARCENACDIV_PATUXENT_RIVER_MD. Test hours from individual test categories do not appear to add up to the total reported in 4002. There could be double counting, or math, or entry errors.

Industrial JCSG Related Issues

DoD 4106 - 4108 CNO_WASHINGTON_DC_DNS. Additional data is expected from CNO for Munitions Production Requirements (munitions produced by the Navy and Army).

DoD 4111 CNO_WASHINGTON_DC_DNS. Additional data is expected from CNO for Munitions Storage Requirements.

Medical JCSG Related Issues

DoD 4241 NAVHOSP_CAMP_LEJEUNE. Activity has requested to change the response to this question originally marked 'N/A.'
