Data Call 2: Medical MILVAL, 8 June 2004

In compliance with both the Office of the Secretary of Defense (OSD) Internal Control Plan (ICP) for the Base Realignment and Closure Process, Appendix B to Under Secretary of Defense (Acquisition, Technology and Logistics) Memorandum "Transformation Through Base Realignment and Closure (BRAC 2005) Policy Memorandum One - Policy, Responsibilities, and Procedures," dated 16 April 2003, and the Department of the Navy Procedures for Certification of BRAC 2005 Information, enclosure (1) to Secretary of the Navy Memorandum "Internal Control Plan for Management of the Department of the Navy 2005 Base Closure and Realignment (BRAC) Process Policy Advisory Two," dated 27 June 2003, this memorandum is a certification of Department of the Navy (DON) data provided to the Joint Cross Service Groups (JCSGs) for their use in analyzing common business support functions. The data consists of certified responses to Data Call 2: Medical MILVAL, issued 8 June 2004 and is being provided to the JCSGs via the DON Base Information Transfer System (DONBITS) and Military Value Analysis Database (MAD).

Enclosure (1) provides the list of 2 DON activities for which we are providing certified data in response to the Medical MILVAL Data Call.

During the course of our initial quality review of the data, we discovered no areas where we believe the data is incorrect, incomplete, or in need of further clarification. We anticipate that areas of concern will be identified as we conduct more detailed analysis in the coming weeks. The JCSG may also find during the course of their own analysis of the data, additional areas requiring clarification or supplementation, and request additional data be collected.

Updated certified data will be collected by the IAT and provided to the JCSGs as part of the weekly refresh to the MAD as it becomes available.
