

DEPARTMENT OF THE NAVY  
OFFICE OF THE ASSISTANT SECRETARY  
(INSTALLATIONS AND ENVIRONMENT)  
1000 NAVY PENTAGON  
WASHINGTON, D.C. 20350-1000

2 August 04

MEMORANDUM FOR ACTING UNDER SECRETARY OF DEFENSE  
(ACQUISITION, TECHNOLOGY AND LOGISTICS)

Subj: PROVISION OF CERTIFIED DEPARTMENT OF THE NAVY DATA TO THE  
BRAC 2005 JOINT CROSS SERVICE GROUPS

Encl: (1) Department of Navy Activities with Certified Data  
(2) Department of Navy Activities with Data to be certified by 23 August 2004  
(3) Initial Summary of Data Concerns

In compliance with both the Office of the Secretary of Defense (OSD) Internal Control Plan (ICP) for the Base Realignment and Closure Process, Appendix B to Under Secretary of Defense (Acquisition, Technology and Logistics) Memorandum "Transformation Through Base Realignment and Closure (BRAC 2005) Policy Memorandum One – Policy, Responsibilities, and Procedures," dated 16 April 2003, and the Department of the Navy Procedures for Certification of BRAC 2005 Information, enclosure (1) to Secretary of the Navy Memorandum "Internal Control Plan for Management of the Department of the Navy 2005 Base Closure and Realignment (BRAC) Process Policy Advisory Two," dated 27 June 2003, this memorandum is a certification of Department of the Navy (DON) data provided to the Joint Cross Service Groups (JCSGs) for their use in analyzing common business support functions. The data consists of certified responses to the Supplemental Capacity Data Call-1, 30 June 2004, and is being provided to the JCSGs via the DON Base Information Transfer System (DONBITS) and Capacity Analysis Database (CAD).

Enclosure (1) provides the list of 130 DON activities (44% of the total DON universe of activities) for which we are providing certified data in response to the Supplemental Capacity Data Call. Enclosure (2) provides the list of DON activities for which we are not providing certified supplemental capacity data at this time. Forty-eight activities have been reissued the data call due to targeting issues related to the Headquarters and Support Activities (HSA) supplemental capacity questions. Certified data call responses from these HSA activities are expected to be transmitted to OSD on 16 August 2004. Sixteen activities have been reissued the data call due to targeting issues related to the Education and Training (E&T) supplemental capacity questions. Certified data call responses from these E&T activities are expected to be transmitted to OSD on 23 August 2004. Since there is some overlap in activities that are receiving the reissued HSA and E&T supplemental capacity data calls, there are fifty-two activities (18%) involved in responding to the reissued data calls. Certified supplemental capacity data from the remaining 113 activities (38%) is not included in this transmittal because the data is not completely through the certification chain. We expect these activities' data call responses to be transmitted to OSD on 09 August.

During the course of our initial quality review of the data, we discovered a few areas where we believe the data is incorrect, incomplete, or in need of further clarification. A summary of the data concerns identified to date is provided in enclosure (3). We are taking action to resolve these concerns. Additionally, we anticipate that other areas of concern will be identified as we conduct more detailed analysis in the coming weeks. The JCSGs may also find during the course of their own analysis of the data, additional areas requiring clarification or supplementation, and request additional data be collected. Updated certified data will be collected by the IAT and provided to the JCSGs as part of the weekly refresh to the CAD as it becomes available.

Subject to the foregoing, I certify that the information is accurate and complete to the best of my knowledge and belief.

Anne Rathmell Davis  
Special Assistant to the Secretary of the Navy  
for Base Realignment and Closure

cc:  
Chairs, JCSGs  
O-6/GS-15 Leads, JCSGs  
Navy & Marine Corps JCSG Principals

**Initial Summary of Data Concerns  
(Supplemental Capacity Data Call 1, Issued 30 June 2004)**

**Education and Training JCSG Related Issues:**

Adjustments were necessary to the activities responding to, and distribution of questions for the Supplemental Capacity Data Call-1, 30 Jun 2004, Education and Training Range related questions. Select activities were targeted to answer additional questions. As such, the data call response for the affected commands was re-issued to the reporting activity to allow them to respond to the additional questions. These activities were allowed until 10 August 2004 to submit their data call responses. The IAT expects to receive the fully certified data call on 16 August 2004, with transmittal to OSD in the 23 August 2004 data refresh cycle. These activities are listed in enclosure (2).

DoD 4022 NAVAL AIR STATION KEY WEST, FL. Some problems evident. For example, Electronic Combat question 4015 shows 1600 test hours in FY01 (for W174). Total test hours for that year in question 4002 shows only 664 test hours for W174. Will require in-depth analysis across work-load, test hour, test event questions.

DoD 4002, 4007 4013 NAVAL AIR STATION PENSACOLA, FL. DoD 4002 shows 27 total test hours in FY02. There is no appropriate breakdown in question 4007. Additionally, there are 30 air combat test hours shown in 4013 (there can't be more air combat test hours than there were total hours). Requires complete review of test hours and distribution.

DoD 4002 PACIFIC MISSILE RANGE FACILITY, HI. Entries do not appear to add up correctly.

DoD 4051, 4052 NAVY REGION, GUAM. Questions Incorrectly Answered With N/A. Does not reflect impact area as reported in Data Call 1.

DoD 4052 NAVAL SPECIAL WARFARE CENTER, SAN DIEGO, CA. DoD 4052, Question Incorrectly Answered With N/A. SWAT 1&2 reported in initial data call, not reflected.

DoD 4002, COMSUBFORPAC PEARL HARBOR HI. Question Incorrectly Answered With N/A. Question reflects 216 test hours in FY03, 4003 reflects 2 test events in FY03, neither is accounted for in follow up questions. Activity may not have detailed records but needs to be verified.

DoD 4051, FACSAC JACKSONVILLE FL. Answers did not reflect OPAREAs. Amplification specifically states that OPAREAs should be included in response.

DoD 4010, NAVAL AIR STATION WHIDBEY ISLAND, OAK HARBOR, WA. Question Incorrectly Answered With N/A. Memo (NASWI\_CDC\_SUPP\_Addendum Memo.pdf)

documents how 4009-4011 were answered. Method is inconsistent with question (lost hours) asked. These answers will need to be corrected.

**HS&A JCSG Related Issues:**

Adjustments were necessary to the activities responding to, and distribution of questions for the Supplemental Capacity Data Call-1, 30 Jun 2004, HSA JCSG questions. Select activities were targeted to answer additional questions. As such, the data call response for the affected commands was re-issued to the reporting activity to allow them to respond to the additional questions. These activities were allowed until 06 August 2004 to submit their data call responses. The IAT expects to receive the fully certified data call by 13 August 2004, with transmittal to OSD in the 16 August 2004 data refresh cycle. These activities are listed in enclosure (2).

**Industrial JCSG Related Issues:**

DoD 4228, 4229, 4233, 4236, 4237, COMPATRECONWING FIVE BRUNSWICK ME. Provided inappropriate Service Category Code Number (CCN) in their response for these questions.
