MEMORANDUM FOR THE ARMAMENTS AND MUNITIONS SUB-GROUP OF THE
INDUSTRIAL JOINT CROSS SERVICE GROUP

SUBJECT: MUNITIONS STORAGE AND DISTRIBUTION SITES

In response to your memorandum of 1 October 2004, I have reviewed the Armaments and Munitions Sub-group proposal to remove certain activities from further consideration and analysis for the function of munitions storage and distribution. With two exceptions, I concur with the proposal. The results of my review are summarized as follows:

ACTIVITY	RESPONSE	COMMENTS
CG MCB HAWAII	CONCUR	Primary function being analyzed by DON.
COMNAVMAIANAS GUAM	NON-CONCUR	Has current and future potential for munitions distribution. Retain in analysis for munitions distribution.
LANTORDCOM YORKTOWN VA	CONCUR	Primary function being analyzed by Industrial JCSG for the munitions maintenance function.
MCAS YUMA AZ	CONCUR	Primary function being analyzed by DON.
NAS ATLANTA GA	CONCUR	Primary function being analyzed by DON.
NAS KEY WEST FL	CONCUR	Primary function being analyzed by DON.
NAVSTA MAYPORT FL	CONCUR	Primary function being analyzed by DON.
NAVSTA NEWPORT RI	CONCUR	Primary function being analyzed by Education and Training JCSG.
NAVSTA NORFOLK VA	CONCUR	Primary function being analyzed by DON.
NAVSUPACT CRANE IN	CONCUR	Primary function being analyzed by DON.
NAVSUPACT PANAMA CITY FL	CONCUR	Primary function being analyzed by DON.
NAVSURFWARCENDIV INDIAN HEAD MD	CONCUR	Primary function being analyzed by Technical JCSG.
NAVUNSEAWARCENDIV KEYPORT WA	CONCUR	Primary function being analyzed by Technical JCSG.
NAVWPNSTA SEAL BEACH CA DET SAN DIEGO	NON-CONCUR	Has current and future potential for munitions distribution. Retain in analysis for munitions distribution.
PACMISRANFAC HAWAREA BARKING SANDS HI	CONCUR	Primary function being analyzed by Technical JCSG and Education and Training JCSG.
SUBTORPFAC YORKTOWN VA	CONCUR	Primary function being analyzed by Industrial JCSG for the munitions maintenance function.
NAVSTA SAN DIEGO CA	CONCUR	Primary function being analyzed by DON.
NAVSUBSUPPFAC NEW LONDON CT	CONCUR	Primary function being analyzed by Industrial JCSG Ship Overhaul & Repair Sub-group.

To ensure that our actions do not unintentionally result in an activity being removed entirely from analysis, with the consequence that no deliberative body analyzes it, I have confirmed with the Department of Navy Infrastructure Analysis Team that all the above activities remain under analysis for their primary functions by at least one deliberative body.

Please inform me if the Armaments and Munitions Sub-group does not intend to retain COMNAVMARIANAS GUAM and NAVWPNSTA SEAL BEACH CA DET SAN DIEGO in their analysis for munitions distribution.
