MEMORANDUM FOR CHAIR INDUSTRIAL JOINT CROSS SERVICE GROUP

Subj: PROVISION OF CERTIFIED DEPARTMENT OF THE NAVY DATA TO THE
BRAC 2005 INDUSTRIAL JOINT CROSS SERVICE GROUP -
INDUSTRIAL JCSG SHIP OVERHAUL & REPAIR

Encl: (1) Scenarios/Activities with Certified Data

In compliance with both the Office of the Secretary of Defense (OSD) Internal Control Plan (ICP) for the Base Realignment and Closure Process, Appendix B to Under Secretary of Defense (Acquisition, Technology and Logistics) Memorandum "Transformation Through Base Realignment and Closure (BRAC 2005) Policy Memorandum One - Policy, Responsibilities, and Procedures," dated 16 April 2003, and the Department of the Navy Procedures for Certification of BRAC 2005 Information, enclosure (1) to Secretary of the Navy Memorandum "Internal Control Plan for Management of the Department of the Navy 2005 Base Closure and Realignment (BRAC) Process Policy Advisory Two," dated 27 June 2003, this memorandum is a certification of Department of the Navy (DON) data provided to the INDUSTRIAL Joint Cross Service Group (JCSG) Ship Overhaul & Repair Shipyard Subgroup for their use in analyzing common industrial support functions. The data consists of certified responses to Scenario Data Calls as listed in enclosure (1), and is provided to the INDUSTRIAL JCSG via posting to the portal. The scenario templates have been populated with all responses requested by the JCSG, as well as some amplifying information collected that may be useful to you in your analysis.

During the course of our initial quality review of the data, we discovered no areas where we believe the data is incorrect, incomplete, or in need of further clarification. However, we anticipate that other areas of concern may be identified as we continue our quality assurance process. The JCSG may also find during the course of its own analysis of the data, additional areas requiring clarification or supplementation, and request additional data be collected. Updated certified data will be collected by the IAT and provided to the JCSG as it becomes available.

DON intends to include this data in its evaluation of the two parent scenarios that generated the need for enabling scenarios. The DON principals to your JCSG will be invited to participate in these deliberations to ensure consistency of approach.

Subject to the foregoing, I certify that the information is accurate and complete to the best of my knowledge and belief.
