MEMORANDUM FOR CHAIR INDUSTRIAL JOINT CROSS SERVICE GROUP

Subj: PROVISION OF CERTIFIED DEPARTMENT OF THE NAVY DATA TO THE  
BRAC 2005 INDUSTRIAL JOINT CROSS SERVICE GROUP - MUNITIONS  
AND ARMAMENTS SUBGROUP

Encl: (1) Scenarios/Activities with Certified Data

In compliance with both the Office of the Secretary of Defense (OSD) Internal Control Plan (ICP) for the Base Realignment and Closure Process, Appendix B to Under Secretary of Defense (Acquisition, Technology and Logistics) Memorandum "Transformation Through Base Realignment and Closure (BRAC 2005) Policy Memorandum One - Policy, Responsibilities, and Procedures," dated 16 April 2003, and the Department of the Navy Procedures for Certification of BRAC 2005 Information, enclosure (1) to Secretary of the Navy Memorandum "Internal Control Plan for Management of the Department of the Navy 2005 Base Closure and Realignment (BRAC) Process Policy Advisory Two," dated 27 June 2003, this memorandum is a certification of Department of the Navy (DON) data provided to the Industrial Joint Cross Service Group (JCSG) Munitions and Armaments Subgroup for their use in analyzing common support functions. The data consists of certified responses to Scenario Data Calls as listed in enclosure (1), and is provided to the Industrial JCSG via posting to the portal. The scenario templates have been populated with all responses requested by the JCSG, as well as some amplifying information collected that may be useful to you in your analysis.

With the understanding of the Munitions and Armaments Subgroup that the actions for IND-0042 are identical to IND-0040, DON used the data gathered for IND-0040 to populate each scenario. The workbook for IND-0040 contains only the data relevant to PBX bursting charge production, while that for IND-0042 also includes data for production of the main, smoke warhead for the Zuni missile.

During the course of our initial quality review of the data, we discovered no areas where we believe the data is incorrect, incomplete, or in need of further clarification. However, we anticipate that other areas of concern may be identified as we continue our quality assurance process. The JCSG may also find during the course of its own analysis of the data, additional areas requiring clarification or supplementation, and request additional data be collected.

Subj: PROVISION OF CERTIFIED DEPARTMENT OF THE NAVY DATA TO THE  
BRAC 2005 INDUSTRIAL JOINT CROSS SERVICE GROUP - MUNITIONS  
AND ARMAMENTS SUBGROUP

Updated certified data will be collected by the IAT and provided  
to the JCSG as it becomes available.

Subject to the foregoing, I certify that the information is  
accurate and complete to the best of my knowledge and belief.

Anne Rathmell Davis  
Special Assistant to the Secretary of the Navy  
for Base Realignment and Closure
