LINDSEY O. GRAHAM
SOUTH CAROLINA
(202) 224-5972

United States Senate

WASHINGTON, DC 20510

June 14, 2005

The Honorable Anthony J. Principi
Chairman
Base Realignment and Closure Commission
2521 South Clark Street, Suite 600
Arlington, Va. 22202

Dear Mr. Chairman:

The state of South Carolina has enjoyed a long and successful affiliation with our nation's military. Accordingly, I am writing to share with you a recent letter signed by four Members of Congress to Secretary Rumsfeld regarding a phenomenal demonstration of community support in Columbia, South Carolina. It is my hope that you will take this information into consideration during the Base Realignment and Closure process.

Thank you for your service, and best wishes during your difficult task.

Sincerely,

Lindsey O. Graham
United States Senator

Congress of the United States

Washington, DC 20510

April 27, 2005

The Honorable Donald Rumsfeld
Secretary of Defense
The Pentagon
Washington, DC 20301

Dear Secretary Rumsfeld:

We are writing to bring the results of an extraordinary outpouring of community support to your attention.

In March, just a little over a month ago, the Greater Columbia Chamber of Commerce, joined by a group of local leaders from business and government, announced a petition drive to demonstrate public support for Fort Jackson and McEntire Air National Guard Station during the BRAC process. The initiative was called "SUPPORT OUR BASES." The group set the goal of collecting 10,000 signatures endorsing the following statement:

> *"I support the vital role Fort Jackson and McEntire play in protecting our country and fighting the war on terror. They also serve as reminders that freedom is not 'free' and I am proud to support the young men and women that train and serve at these bases. They are great symbols of our community and our country."*

Right away, this initiative took on a life of its' own. The events that followed were truly unprecedented. Without being prompted to do so, local merchants and other volunteers began photocopying petition forms and collecting signatures on their own. In just a few short weeks, over 31,000 signatures (over three times the projected goal) were collected and more are coming in daily.

Students of South Carolina history point to reasons why this drive was so successful. Citizens in the Columbia, S.C. area have always been strong advocates for their local military bases. For example, when the Fort was established in 1917, the City of Columbia donated the land Fort Jackson resides on to the federal government, thereby beginning a long tradition of support and awareness of the important role military readiness plays in the preservation of freedom in South Carolina and America.

This week, a group of local leaders brought the petitions to Washington and presented them to the federal elected officials who represent the affected areas of South Carolina in the United States Congress.

As you know, the degree of community support for military bases is a relevant factor to be weighed as the value of the various installations across the country are reviewed and assessed. Therefore, this letter, signed by members of both political parties who represent the portion of South Carolina where this historic petition drive took place, is designed to bring the results of this unique effort to the attention of the U.S. Department of Defense.

Speaking as elected officials, we are proud of the success of this effort to demonstrate profound community support for Fort Jackson and McEntire Air National Guard Station. We hope your Department finds this information useful and thank you for the service you provide to our nation.

Sincerely,

U.S. Senator Lindsey Graham

U.S. Senator Jim DeMint

U.S. Congressman James Clyburn

U.S. Congressman Joe Wilson

A PETITION TO SUPPORT

Ft. Jackson & McEntire

and the Brave Men and Women in Uniform.

SUPPORT OUR BASES

CITIZENS FOR FORT JACKSON & McENTIRE

I support the vital role Fort Jackson and McEntire play in protecting our country and fighting the war on terror. They also serve as reminders that freedom is not "free", and I am proud to support the young men and women that train and serve at these bases. They are great symbols of our community and our country.
