REALIGNMENT COMMISSION**

**TAG / DHS HEARING  
ATLANTA, GEORGIA**

**JUNE 30, 2005**

## • Coast Guard

- UAV is a key emerging capability for the Coast Guard.
- Has negative impact on mission & support cost.
- Distance of national significance

## Gen Herms

- Army did a great job
- Not involved in the AF process and the future total force plan.

• How much coordination was accomplished with the Dept before last release

• Army invited their AG to talk not the AF

(2)

Gentuxid

- The Guard is Amac
- 40% of capability with 7% of Budget

30k sorties + 40k+ hours

BRAC close 29 Bases

- proposes a threat to
- 17.1% years for officer
- 14.4% enlisted

• NG has a state mission

• The ANG works it is a great model.

Mr. Greg Wolf

AF Recommendation will impact BK individuals.

- Skill of pilots + maint will be lost
- Recruiting of Tng was not considered in the AF model

Gen Hough

ANG Act

Movement will negatively ~~impact~~ <sup>impact</sup> the force.

work with the Guard -

Any studies been done and is there another thought out position the <sup>Army</sup> Guard ~~has~~ have

a future total force

How does Community Business fit into Future total Force

To what extent was ~~the~~ Dept Home Land Security contacted coordinated with on their decisions

- How would do we/you answer the question of the Guard + Reserve is being max out with deployments because the weapon system is in the Reserve forces
