(BRAC) Commission

Closing of Final Deliberations and Decisions

Arlington, Virginia

August 27, 2005

As the clock runs out on the Commission's deliberations and decisions, I want to take a moment to reflect on the decisions we reached over the past few days.

Some will keep a score card of base closures or realignments we approved, or rejected, or of the dollars we saved or expended. Those measures are important, but I believe we should look beyond these numbers.

This Commission played an integral and essential role in the arduous, but necessary, evolution of our armed forces.

Change is always difficult and frequently painful. In the short run, human institutions tend to avoid pain and defer difficulties.

And those short-run inclinations tend to produce long-run inertia; inertia that can paralyze institutions that must remain dynamic if they are to succeed and prosper.

I believe that Commissioners, and the staff that supports us, can take pride in our role in balancing proposals to restructure military infrastructure against the human and painful impact of those proposals;

in fulfilling our responsibility to provide an *independent* assessment of the Department of Defense's adherence to the statutory BRAC selection criteria and the defense force structure plan.

We have approved closure of major Army bases such as Ft. Monmouth, Ft. McPherson, and Ft. Gillem, Navy bases at Pascagoula and Ingleside and transformed operations at Air Force bases like Cannon Air Force Base.

We approved proposals to close facilities with historic legacies such as Walter Reed Army Medical Center and Ft. Monroe, as well as relatively new facilities like the Navy base at Ingleside.

Our approval of a host of closures and realignments, both major and minor, will enable the streamlining of all our military forces, active, National Guard and Reserve, as well as the extensive logistics, research and development, maintenance and repair infrastructure supporting them.

Our actions support the creation of “centers of excellence”; consolidating activities with common goals or missions, a major theme of the Department’s recommendations.

We did not flinch when we determined that the Department’s proposals are consistent with the BRAC selection criteria and force structure plan.

Neither did we flinch when we determined that some proposals substantially deviated from those criteria and structure.

Major installations like the Portsmouth Navy Yard, Submarine Base New London, the Red River Army Depot, and Ellsworth Air Force Base will continue to contribute to our national defense.

Nor did we hesitate to identify and respond to problems, like the effect of encroachment at NAS Oceana, that we felt the Secretary of Defense should have addressed but did not.

Our report will list the installations we approved for closure or realignment; and the Defense Department proposals we rejected or modified.

Preliminary estimates, subject to revision, indicate that our recommendations will save about \$37 billion, including military personnel cost avoidances, and approximately \$15 billion excluding those military personnel cost avoidances, compared to the \$49 billion originally claimed by DoD.

Those numbers are important, but I believe they tell only part of the story.

Secretary Rumsfeld made it clear that, in addition to savings, transformation of our armed forces was a major goal of this BRAC round.

Keeping in mind that “collocation” is not synonymous with “integration”, that “transformation” is not synonymous with “jointness”, and that the Secretary’s recommendations won’t move the ball across the goal line, I do believe that our decisions will help move the ball down the field.

I also believe that the BRAC process is a healthy and necessary one.

As difficult as it may be, our nation should regularly reexamine our military infrastructure. Failure to do so will inevitably drag down our defense with the sea anchor of unneeded, obsolete or poorly sited installations.

For that reason I recommend that the Congress provide for regularly scheduled BRACs at 5 or 10 year intervals.

I also recommend that future BRACs begin their work immediately after completion of the Defense Department's Quadrennial Defense Review rather than just before.

The members and staff of this Commission performed at heroic levels to complete their work in the few months between May 13 and September 8.

While uncommon dedication is a common virtue in the men and women who serve our national defense, including this Commission and its staff, I also recommend that future Commissions not be required to depend upon the willingness of Commissioners and staff to set aside all personal life to work unending hours at an exhausting pace,

but rather that future Commissions be given more time to complete their analysis and deliberations.

In order to avoid the perception of political interference in the Commission's deliberations, I recommend that Congressional oversight of future BRACs be deferred until after a future BRAC Commissions' report is completed.

This Commission could not have completed its work without the dedicated hard work of a large number of disparate, but equally committed, individuals and organizations.

Our deliberations took place under the unobtrusive but watchful eyes of Arlington County Police officers, Arlington County Sheriffs deputies, Virginia State Troopers and United States Marshals. Theirs is an unsung but essential role in proceedings like ours and I appreciate their unfailing professionalism.

While we had early problems obtaining accessible information from the Department of Defense, I would be remiss if I did not commend the Department and its leaders for moving to correct those problems

and for the exemplary effectiveness of the “data clearinghouse” established to provide certified and responsive answers to our questions.

I also acknowledge the many members of Congress, and the Committees they represent, who contributed to the Commission’s success. In their advocacy, they played an irreplaceable role in ensuring that the Commission had the benefit of *all* points of view.

No Commission can succeed without a capable and hard working staff, and this Commission is blessed with a staff of vast competence and extraordinary dedication.

Our staff includes men and women who set aside the pleasures of retirement and summer vacations to take up long hours of high-stress work and seven-day work weeks.

They combined extensive travel with an unqualified commitment to perfection.

The report The Commission will soon deliver to the President

Our staff includes extraordinarily capable men and women whose commitment to our mission led them to leave secure employment for a one-time job that will end in a matter of weeks, with no more security than a belief that performance will be rewarded.

is a reflection of the extraordinary dedication, intellect, & hard work of the staff of the Commission on the part of the President

We also have the benefit of the knowledge and experience of detailees from government agencies who interrupted their careers to make this commission a success.

Much of our administrative support came from consultants and contractor employees who quickly adopted a commitment to our mission and a laser-like focus on our outcomes. Their work for us made it clear to me that for them, this assignment was more than “just a job”.

The English language does not provide words adequate to express my gratitude and appreciation to all of the members of our staff; and to the members of our Commission.

*I am grateful
for E D
Charles Ball*

I wonder how many of you knew what you were getting into when you said “yes” to membership on this Commission.

All of you have successful and rewarding careers. *None* of you needed the stress, the travel, the overwhelming workload, the heart wrenching decisions that came with the title” commissioner”.

And yet each of you responded to the Commission’s challenges with the unquestioned integrity, the inexhaustible energy, and the bulldog like tenacity/ it took to burrow into the Department’s recommendations, formulate and raise the questions needed to understand them, and the judgment needed to reach fair and open decisions.

And, while we are all strong willed and articulate individuals, you made it a personal as well as a professional pleasure to work with you.

**The men and women who defend our nation now,
and those who will do so in the future, are in
your debt.**

**The families who bring our defense communities
to life are in your debt.**

**The American people who fund our national
defense are in your debt. But, I will end by
saying that..... I am in your debt.**

**Thank you for your service to our nation and
to this Commission.**

COMMISSION DRAFT

A Bill to Make Recommendations to the President
Under the Defense Base Closure and Realignment Act of 1990
Final Selection Criteria

Extract from the Defense Base Closure and Realignment Act of 1990, as amended.

Section. 2913. Final selection criteria for additional round of base closures and realignments.

(a) Final selection criteria. The final criteria to be used by the Secretary in making recommendations for the closure or realignment of military installations inside the United States under this part in 2005 shall be the military value and other criteria specified in subsections (b) and (c).

(b) Military value criteria. The military value criteria are as follows:

(1) [**Criterion 1**] The current and future mission capabilities and the impact on operational readiness of the total force of the Department of Defense, including the impact on joint warfighting, training, and readiness.

(2) [**Criterion 2**] The availability and condition of land, facilities, and associated airspace (including training areas suitable for maneuver by ground, naval, or air forces throughout a diversity of climate and terrain areas and staging areas for the use of the Armed Forces in homeland defense missions) at both existing and potential receiving locations.

(3) [**Criterion 3**] The ability to accommodate contingency, mobilization, surge, and future total force requirements at both existing and potential receiving locations to support operations and training.

(4) [**Criterion 4**] The cost of operations and the manpower implications.

(c) Other criteria. The other criteria that the Secretary shall use in making recommendations for the closure or realignment of military installations inside the United States under this part in 2005 are as follows:

(1) [**Criterion 5**] The extent and timing of potential costs and savings, including the number of years, beginning with the date of completion of the closure or realignment, for the savings to exceed the costs.

(2) [**Criterion 6**] The economic impact on existing communities in the vicinity of military installations.

(3) [**Criterion 7**] The ability of the infrastructure of both the existing and potential receiving communities to support forces, missions, and personnel.

(4) [**Criterion 8**] The environmental impact, including the impact of costs related to potential environmental restoration, waste management, and environmental compliance activities.

(d) Priority given to military value. The Secretary shall give priority consideration to the military value criteria specified in subsection (b) in the making of recommendations for the closure or realignment of military installations.

(e) Effect on Department and other agency costs. The selection criteria relating to the cost savings or return on investment from the proposed closure or realignment of military installations shall take into account the effect of the proposed closure or realignment on the costs of any other activity of the Department of Defense or any other Federal agency that may be required to assume responsibility for activities at the military installations.

- c. ~~Realign Atlantic City International Airport Air Guard Station, NJ.~~ The 177th Fighter Wing's F-16s will be distributed to the 158th Fighter Wing, Burlington International Airport Air Guard Station, VT (three aircraft), and retire (12 aircraft). The wing's expeditionary combat support (ECS) elements will remain in place. Firefighter positions move to Scott Air Force Base, IL. The 157th Air Operations Group (AOG) and the 218th Engineering Installation Group (EIG) will relocate from Jefferson Barracks geographically separated unit (GSU) into space at Lambert International. Jefferson Barracks real property accountability will transfer to the Army.
- a. Realign Otis ANGB, MA. Distribute the fifteen F-15 aircraft assigned to the 102d Fighter Wing's (ANG) to meet the Primary Aircraft Authorizations (PAA) requirements established by the Base Closure and Realignment recommendations of the Secretary of Defense, as amended by the Defense Base Closure and Realignment Commission. The 253d Combat Communications Group, and 267th Communications Squadron will remain in place at Otis, with 104th Fighter Wing at Barnes providing administrative support as the parent wing. An air sovereignty alert (ASA) facility will be constructed at Bradley International Airport Air Guard Station, CT. Firefighter positions from Otis will move to Barnes Municipal Airport Air Guard Station, MA. If the Commonwealth of Massachusetts decides to change the organization, composition and location of the 102d Fighter Wing (ANG) to integrate the unit into the Future Total Force, all other personnel allotted to the 102d Fighter Wing (ANG) will remain in place and assume a mission relevant to the security interests of the Commonwealth of Massachusetts and consistent with the integration of the unit into the Future Total Force, including but not limited to air mobility, C4ISR, Information Operations, engineering, flight training or unmanned aerial vehicles. Where appropriate, unit personnel will be retrained in skills relevant to the emerging mission. This recommendation does not effect a change to the authorized end strength of the Massachusetts Air National Guard. The distribution of aircraft currently assigned to the 102d Fighter Wing (ANG) is based upon a resource-constrained determination by the Department of Defense that the aircraft concerned will better support national security requirements in other locations and is not conditioned upon the agreement of the commonwealth.
- b. Realign Lambert-St. Louis International Airport Air Guard Station, St. Louis, MO. Chapter XI. Additional Recommendations of the Commission

191. Navy Broadway Complex, San Diego, CA.

- a. If the Secretary of the Navy does not enter into a long-term lease on or before January 1, 2007 that provides for the redevelopment of the Navy Broadway Complex, San Diego, California, under the authorities granted by Section 2732 of Public Law 99-661, the National Defense Authorization Act for Fiscal Year 1987, close Navy Broadway Complex, San Diego, California, and relocate the units and function on Navy Broadway Complex to other Department of the Navy owned sites in San Diego, CA.

192. Realign Naval Air Station Oceana, Virginia by relocating the East Coast Master Jet Base to Cecil Field, Florida

- a. If the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia and Chesapeake, Virginia fail to enact and enforce legislation to prevent further encroachment of Naval Air Station Oceana by the end of March 2006, to wit: - enact State-mandated zoning controls requiring the cities of Virginia Beach and Chesapeake to adopt zoning ordinances that require the governing body to follow Air Installation Compatibility Use Zone (AICUZ) guidelines in deciding discretionary development applications for property in Noise Level 70 dB Day Night Average Noise Level DNL or greater; enact state and local legislation and ordinances to establish a program to condemn and purchase all the property located within all the Accident Potential Zone One areas for Naval Air Station Oceana as depicted for 1999 AICUZ Pamphlet published by the U.S. Navy and expend no less than \$15 million annually in the furtherance of the aforementioned policy; codify the 2005 Final Hampton Roads Joint Land Use Study (JLUS) recommendations; legislate requirements for the cities of Virginia Beach and Chesapeake to evaluate undeveloped properties in Noise Zones 70dB DNL or greater for rezoning classifications that would not allow uses incompatible under AICUZ guidelines; establish programs for purchase of development rights of the Inter-facility Traffic Area between NAS Oceana and NALF Fentress; Enact legislation creating the Oceana/Fentress Advisory Council.”
- b. and if the State of Florida: appropriates sufficient funds to relocate commercial tenants presently located at Cecil Field, Florida, appropriates sufficient funds to

secure Public Private Ventures for all the personnel housing required by the Navy at Cecil Field to accomplish this relocation, and; turns over fee simple title to the property comprising the former Naval Air Station Cecil Field, including all infrastructure improvements that presently exist, to the Department of Defense on or before December 31, 2006, if the Commonwealth of Virginia or and the municipal governments of Virginia Beach, Virginia and Chesapeake, Virginia decline from the outset to take the actions required above, or within six months of the Commonwealth of Virginia or and the municipal governments of Virginia Beach, Virginia and Chesapeake, Virginia failing to carry through with any of the actions set out above, whichever is later. The State of Florida may not encumber the title by any restrictions other than a reversionary clause in favor of the State of Florida and short-term tenancies consistent with the phased relocation of the Master Jet Base to Cecil Field.

- c. If the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia and Chesapeake, Virginia fail to take the all of the prescribed actions, and the State of Florida meets the conditions established by this recommendation, the units and functions that shall relocate to Cecil Field will include, but are not limited to, all of the Navy F/A-18 Strike Fighter Wings, aviation operations and support schools, maintenance support, training and any other additional support activities the Navy deems necessary and appropriate to support the operations of the Master Jet Base.
