97.678333

Air Installation Compatible Use Zone

Noise

Accident Potential Zone

CLEAR ZONE - 3,000 feet x 3,000 feet

No development

Air Force controls through leases or purchase of land area

28.1% of aircraft accidents

ACCIDENT POTENTIAL ZONE I (APZ I) - 3,000 feet x 5,000 feet

Permits limited low density, low intensity uses recommended

Transportation, communications, utilities, business, offices, agriculture, mining, recreation
10.4% of accidents

ACCIDENT POTENTIAL ZONE II (APZ II) - 3,000 feet x 7,000 feet

Permits residential - suggests one house per acre

Limited low density, low intensity uses recommended

Same as APZ I, plus shopping districts, public and quasi-public service,
5.6% of aircraft accidents

24.7% of accidents occur on/adjacent to runway

31.2% occur outside the above areas

Bailey, Steve

From: Brown, Ed
To: Bailey, Steve; Gertler, JJ; Kennedy, Mike; Lewis, David; Miller, Bob; Brown, Rick; Wooten, Cliff
Subject: Maps
Date: Tuesday, May 23, 1995 2:15PM

It is not too soon to get Tyrone to make maps for the deliberation hearing. We will need one for each category showing the location of each installation in the category with installations recommended for closure or realignment appropriately noted. This year they will be in black and white, not color. I want Cliff to be the single point of contact between Tyrone and the Army Team for these, but each analyst is responsible for letting Cliff know what is required. I also want Cliff to coordinate requirements for those categories that have more than one responsible analyst, e.g., training schools, C2 & admin. Bob, you are responsible for commodity and proving grounds in addition to depots and industrial facilities. I would like to have the maps ready by 2 June.

Document Separator

B. MAJOR TRAINING AREAS.

The installations listed below were evaluated within the Major Training Area category.

- | | | |
|--------------------------------|---|------------------------------|
| (R) → Fort A.P. Hill, Virginia | (R) → Fort Hunter Liggett, California | (C) → Fort Pickett, Virginia |
| (C) → Fort Chaffee, Arkansas | (C) → Fort Indiantown Gap, Pennsylvania | - Fort Polk, Louisiana |
| (R) → Fort Dix, New Jersey | - Fort Irwin, California | |
| (R) → Fort Greely, Alaska | - Fort McCoy, Wisconsin | |

The following map shows the geographic location of each installation.

Figure 13.

- CLIFF/TYRONE:
- 1 MAP THAT SHOWS THE 10 MTA'S (ONLY)
 - 1 MAP THAT SHOWS HUNTER LIGGETT & BLISS
 - 1 MAP SHOWING GREELY & WAINWRIGHT

Rome Laboratory
Hanscom AFB

Rome Laboratory
Fort Monmouth

New Jersey

Return on Investment: The total estimated one-time cost to implement this recommendation is \$0.8 million. The net of all costs and savings during the implementation period is a cost of \$0.3 million. Annual recurring savings after implementation are \$0.1 million with a return on investment expected in eight years. The net present value of the costs and savings over 20 years is a savings of \$0.9 million.

Impacts: This recommendation will not result in a change in the employment in the Riverside-San Bernardino, California Primary Metropolitan Statistical Area because all affected jobs will remain in the economic area. Review of demographic data projects no negative impact on recruiting. Environmental impact from this action is minimal.

Rome Laboratory, New York

Recommendation: Close Rome Laboratory, Rome, New York. Rome Laboratory activities will relocate to Fort Monmouth, New Jersey, and Hanscom AFB, Massachusetts. Specifically, the Photonics, Electromagnetic & Reliability (except Test Site O&M operations), Computer Systems, Radio Communications and Communications Network activities, with their share of the Rome Lab staff activities, will relocate to Fort Monmouth. The Surveillance, Intelligence & Reconnaissance Software Technology, Advanced C2 Concepts, and Space Communications activities, with their share of the Rome Laboratory staff activities, will relocate to Hanscom AFB. The Test Site (e.g., Stockbridge and Newport) O&M operations will remain at its present location but will report to Hanscom AFB.

Justification: The Air Force has more laboratory capacity than necessary to support current and projected Air Force research requirements. The Laboratory Joint Cross-Service Group analysis recommended the Air Force consider the closure of Rome Laboratory. Collocation of part of the Rome Laboratory with the Army's Communications Electronics Research Development Evaluation Command at Fort Monmouth will reduce excess laboratory capacity and increase inter-Service cooperation and common C3 research. In addition, Fort Monmouth's location near unique civilian research activities offers potential for shared research activities. Those activities relocated to Hanscom AFB will strengthen Air Force C3I RDT&E activities by collocating common research efforts. This action will result in substantial savings and furthers the DoD goal of cross-service utilization of common support assets.

Return on Investment: The total estimated one-time cost to implement this recommendation is \$52.8 million. The net of all costs and savings during the implementation period is a cost of \$15.1 million. Annual recurring savings after implementation are \$11.5 million with a return on investment expected in four years. The net present value of the costs and savings over 20 years is a savings of \$98.4 million.

Ligon, Tyrone

From: Mulliner, Jeff
To: Ligon, Tyrone
Subject: Map Request
Date: Friday, June 09, 1995 10:41AM

Ty,

At long last, the eagerly awaited Reserve Map Request--yes, it's true, you can breath again and wipe the sweat from your forehead because here it is:

OFFICIAL MAP REQUEST

One map of the continental United States with the following reserve activities shown (preferably in their respective geographic locations):

NAVRESCEN Stockton, CA
NAVRESCEN Pomona, CA
NAVRESCEN Santa Ana, Irvine, CA
NAVRESCEN Laredo, TX
NAVRESCEN Sheboygan, WI
NAVRESCEN Cadillac, MI
NAVRESCEN Staten Island, NY
NAVRESCEN Huntsville, AL
NAVAIRRESCEN Olathe, KS
NAVRESREDCOM Region Seven, Charleston, NC
NAVRESREDCOM Region Ten, New Orleans, LA

END OF OFFICIAL MAP REQUEST

There is no real hurry for this, it will be a backup slide at the hearings. In advance, thanks.

Jeff
In advance, thanks
