Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Annabelle M. Rivera

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Patricia L Davis

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Paula Edenholm Neumann

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

John DeSantis

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Rachel Cutler

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Dear Chairman Principi and BRAC Commissioners:

I am so concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Dear Chairman Principi and BRAC Commissioners

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Dear Chairman Principi and BRAC Commissioners:

I am so concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Sharon A. Dubb

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Karen Pauli

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington. VA 22202

Dear Chairman Principi and BRAC Commisioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Arlington. VA 22202

Dear Chairman Principi and BRAC Commissioners

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases

Also. even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

P [illegible]

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Peter L. Foote

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Reserve Station. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

- The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
- Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
- Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
- Niagara Falls existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
- Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission in the strongest possible terms to remove the Niagara Falls Air Reserve Station from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Melissa Lugar

- The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
- Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
- Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
- Niagara Falls existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
- Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission in the strongest possible terms to remove the Niagara Falls Air Reserve Station from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Jonathan Bilello

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Reserve Station. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

- The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
- Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
- Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Reserve Station. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

- The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
- Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
- Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
- Niagara Falls existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
- Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission in the strongest possible terms to remove the Niagara Falls Air Reserve Station from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Eleanor Mazur

You must also recognize:

- The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
- Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
- Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
- Niagara Falls existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
- Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission in the strongest possible terms to remove the Niagara Falls Air Reserve Station from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Michael Colton

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Reserve Station. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

- The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
- Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.

Dear Chairman Principi and BRAC Commissioners:

I am so concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Valerie A. LeBeau

Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Ken Collier

Dear Chairman Principi and BRAC Commissioners:

I am so concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Alicia K Bradley

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Reserve Station. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

- The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
- Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
- Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
- Niagara Falls existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
- Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission in the strongest possible terms to remove the Niagara Falls Air Reserve Station from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Gordon Ward

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Judith Waite

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Pamela Whitney

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Peter Vogelsang

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Steve Niewiarowski

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Grace Hutton

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Aubrey Lemmon
