Dear Honorable James H. Bilbray,

I am writing this letter to you regarding the potential closer of the Cannon Air Force Base in Clovis, New Mexico. The Air Force Base population contributes and is responsible for well over 21% of the revenue generated in the Clovis, New Mexico area. Removing this Base from our area will create great economical distress. Unfortunately, the Base closure near Roswell New Mexico in the 1950's caused financial hardship, lose of jobs and has taken decades to rebuild the community. Please help us spare this community and region from experiencing this type of devastation again.

I am a new resident to this community. After researching several communities nation wide, I chose to move to Clovis, New Mexico. One primary reason is that Cannon AFB had provided the economical stability I was interested in to insure that my new community would be viable and have a strong sense of future growth. I built a new home, joined the Regional Hospital as a professional Staff Member and decided to call Clovis / Portals area my new permanent home.

I am asking that you support our efforts in removing Cannon AFB from the closure list and support the campaign called "Keep Cannon Operation". I am certain that my own personal plans for the future and the potential prosperity of this region will be adversely effected by the closing of the Cannon AFB and removal of the military families.

Thank you for your time and consideration in this matter.

Sincerely,

Stephanie M. Hanwell, BS RRT
