Sir or Madam
Please explain why
Cannon Air Force Base should
be closed. It has won
many awards in competition
with other bases. True
the F-16 is getting old but
it is still a work horse
and is doing one fine job
in Iraq. The F-111 was a
treacherous aircraft and
it was put out of service,
which was unwarranted.
As you can see by the
picture it did one heck of
a job.

Besides the so called
savings by closures is a
bunch of bull. We spend
that much and more every
day in Iraq.

Clewis needs CAFB and
CAFB needs Clewis

Thanks
Buddy Snipes
