Dear Sirs,

Growing up in West Texas through the years I've seen our communities grow. Cannon AFB is vital to more than just the armed forces, it's a part of the growth of Eastern New Mexico and West Texas. In a lot of ways, it has become the reason why this area has grown so dramatically.

The state of New Mexico has done what we feel is necessary to have kept Cannon AFB. We bought land next to the base and then gave it to Cannon.

It provides jobs for the people in this community.

Please reconsider keeping Cannon AFB a part of our livelihood. If not, then the growth and positive impacts it has made on us will be done in vain. We need Cannon Air Force Base.

Thank You,

Carmen Campos
