Dear BRAC Commission,

My name is Jocelyn Swann. I am 12 years old. My parents are David and Roxanne Swann. And I don't want CAFB to close.

I am writing this letter to you because I do not want the Cannon Air Force Base in Clovis to close. I don't want it to close because two of my best friends future are in the hands of the base closing or staying. If it closes, both of them have to move. If it stays, we can still be friends. One of my friend's parents owns a very good business in Clovis called Casel-land Fun Center. The Mom is Civil Service. If Cannon closed and they moved, they would lose the business and I would loose a very good friend. My other friend's Dad is Civil Service and would have to find a new job and move away. And if they moved, they would probably move out of the country, so I couldn't even talk to her anymore.

I attend Clovis Christian School. The closing of Cannon would not just affect some of my friends, but it would affect my class also. A high percentage of my entire school is military. We love our military and we don't want them to leave the Clovis/Portales area. I love seeing military personnel around in the city because it makes me think of everything that they do for America and me.

I am asking you to reconsider the closing of our base. You hold the future of thousands of people in your hands. Clovis will not be the same if Cannon closes down. So I am asking you to please think this over and over. Thank you for your time. And I hope everything goes, as God wants it to.

Sincerely,
Jocelyn Swann
