

## Summary of Cumulative Environmental Impacts

### Naval Air Station Pensacola, FL

1. DONCR-0033R: Close SUBASE New London, CT.
2. E&TCR-0046R: Undergraduate Flight Training Navy Training at NAS Pensacola, FL.

<b>Environmental Resource Area</b>	<b>Naval Air Station Pensacola, FL (Gaining Installation)</b>
Air Quality	Naval Air Station Pensacola is in attainment for all criteria pollutants. No impact.
Cultural/Archeological/ Tribal Resources	DONCR-0033R - Historic property identified on installation. Programmatic agreement in place with SHPO. Potential impact for MILCON.
Dredging	No impact.
Land Use Constraints/ Sensitive Resource Areas	No impact.
Marine Mammals/Marine Resources/Marine Sanctuaries	No impact.
Noise	E&TCR-0046R - Change existing noise profile - decrease. Scenario will change existing noise profile. The area within the 65dB to 75dB contours will increase by 9% to 2197. The population within those contours will increase by 48% to 3100. The area with greater than 75dB will increase by 19% to 70 acres. The population affected by greater than 75 dB will increase by 31% to 21 people.
Threatened & Endangered Species/Critical Habitat	No impact.
Waste Management	All recommendations increase waste generation. E&TCR-0046R - Additional Waste Disposal fees.
Water Resources	All recommendations increase water use.

Wetlands	All recommendations impacted by 11.2% wetland restricted acres on base. DONCR-0033R - Potential impact for MILCON.
