Dear Sirs: I am concerned about

I'm writing this letter because I don't want Cannon AFB to close down. They have a lot of air space so they can do their drills. Portales will suffer because people that are in the Air Force will move. Some of my friends' parents are in the Air Force and if you close the Air Force here they'll have to move. If you close the base we will lose stores here.

Sincerely,
Jeremy

Sincerely,
Jeremy
