June 22, 2005

Dear Member of BRAC Commission:

Tommarrow and the next day some Members of the BRAC Commission will be visiting Clovis and Cannon Air Force Base. I trust that those members will have noticed the outstanding reasons for removing Cannon from the Base Closing list.

I am a retired Presbyterian minister. Nearly 20 of my 46 years of active service have been in Clovis, and it has been my privilege to know many of the Air Force personnel who have been stationed here.

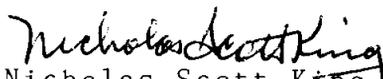

Cannon Air Force Base is essential to the defense of the USA! Uncrowded air space; short distance to the Melrose Bombing Practice Area (15 miles); excellant facilities - TWO fully paved runways; fabulous community support for its personel and mission; and climate that permits nearly 340 days when flights can be made in clear skies.

Our country needs the fine facility we already have at Cannon Air Force Base to successfully train fighter pilots, and keep the ones we have in a high level of readiness. As a good friend of mine, Col. William T. Creech (Ret), former Base Commander at Cannon has told me, "Cannon is truly the Air Forces jewel of fighter aviation."

So, I urge you to consider these important points, and remove Cannon Air Force Base from the Closure List. It is in our Nation's best interest!

Thank you for reading my letter, and giving it your consideration.

Sincerely yours,

  
Nicholas Scott King
