Our family is very happy to hear  
Team will be able to visit the 330th- June 14.

I like this because this is "wear the rubber hits  
the "tarp-runways" I saw pretty much of the "Wings"  
activity this past week end. I like their pluck/guts  
perseverance and courage- especially the "COOL,"  
timing of the returning- "home" of an Iraq unit,
