Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely;

Clovis, NM 88101

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

Signed:

Maria Spearman

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commission

Sincerely,

Samuel Knox Skinner

Dear BRAC Committee,

AUG 11 2005

Received

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarilla and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

By signing you are allowing additional copies to be made and mailed to the following: CC: BRAC Commissioners; Anthony J. Principi, James H. Bilbray, Philip Coyle, Harold W. Gehman Jr., James V. Tom Udall, Heather Wilson

BRAC Commissioner, Chairman Anthony Principi

AUG 11 2005

Please reconsider and take Cannon Air Force Base off the base closure list because:

Received

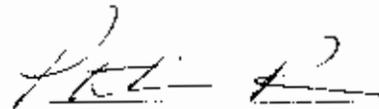

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed:

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County. Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

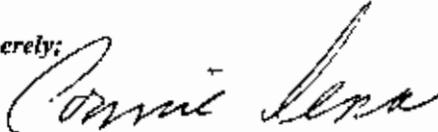

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely,

Clovis, NM 88101

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 8,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Zoila Rodarte

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base--two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commission

Sincerely,

AUG 11 2005

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

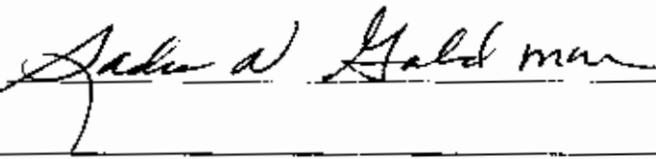

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

BRAC Commissioner

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Meirose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxilliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

Kelsey Orento

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commission

Sincerely,

Cara Vigil

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

BRAC Commission

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring

Signed:

John M. Allyn Hagan

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 8,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Fortales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely;

Clovis, NM 88101

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Jim R. Rawson

In Reply,

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Metrose bombing range is seconds away
- New runways on the base- two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

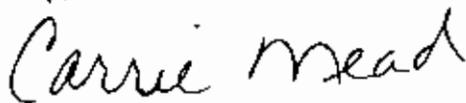

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarilla and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

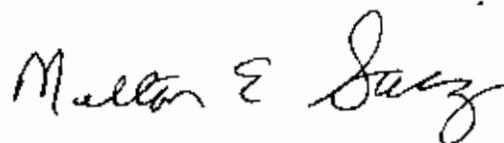

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

BRAC Commission

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely;

Brenda Kendrick

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely;

Clovis, NM 88101

Please reconsider and take Cannon Air Force Base off the base closure list because:

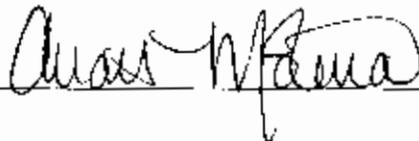

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mte radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

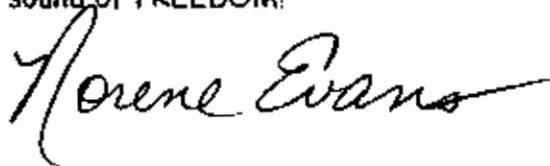

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

Kathie De

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commission

Sincerely,

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

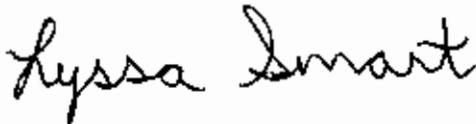

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely;

Clovis, NM 88101

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of ~~jets~~ jets flying over is the sound of FREEDOM!

Sincerely,

Tom Udall, Heather Wilson

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Sue Ann Smith

Please reconsider and take Cannon Air Force Base off the base closure list because:

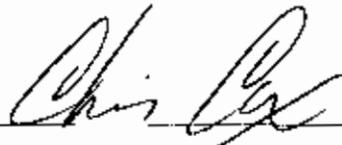

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commissioner

Sincerely,

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

Kelsey Oerton

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely;

Clovis, NM 88101

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

BRAC Comments

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

Signed: Amy McNeil

- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

eh

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commission

Sincerely,

AUG 11 2005

Tom Udall, Heather Wilson

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

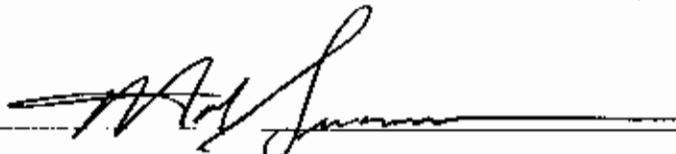

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

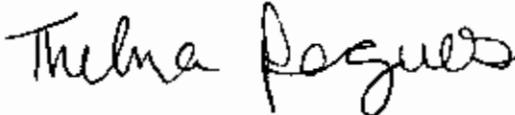

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

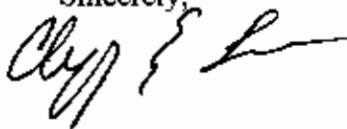

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commission

Sincerely,

Jerry Goldman

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

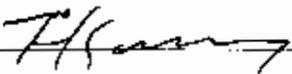

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely;

Clovis, NM 88101

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,800 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 6,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

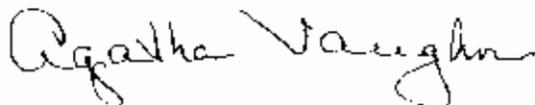

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commission

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

AUG 11 2005

(recovery)

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed:

Agatha Vaughn

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

Ryan M. McCall

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets versus dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

BRAC COMMISSIONERS

AUG 11 2005

Received

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets versus dropping over water.
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

BRAC Commission

Sincerely,

Sharon Custan

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Metrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

BRAC Commission

These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

BRAC Commission

Tom Udall, Heather Wilson

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

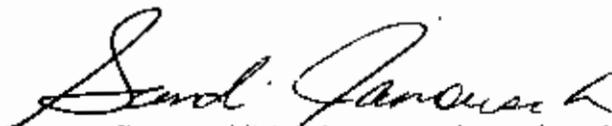

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

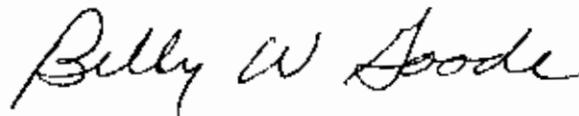

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

BRAC Commission

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

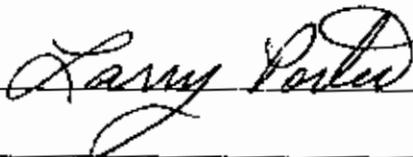

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

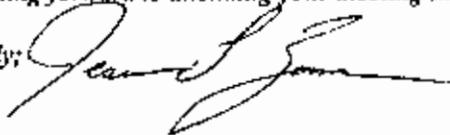

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely, *Kevin Goodby*

AUG 11 2005

BRAC Commissioner, Chairman Anthony Principi

Memo

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: Valentine Lopez

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

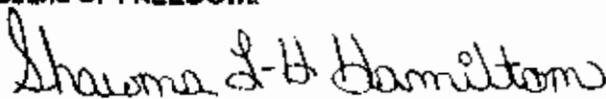

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Dear BRAC Committee,

Received

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,
Leroy Salinas

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

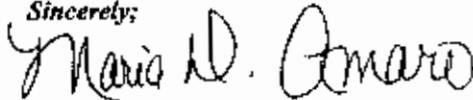

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely;

Clovis, NM 88101

Please reconsider and take Cannon Air Force Base off the base closure list because: BRAC Commission

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N M Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

AUG 11 2005

Received

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

AUG 11 2005

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

Signed:

Paula Miller

Address:

1015 CR 5 Clovis NM 88101

PS

The future of Clovis depends on Cannon closing it is very important to this community.

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis ON THE 24TH.

Sincerely,

Phil Reiser

Dear BRAC Committee,

AUG 11 2005

Received

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Ray Young

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

Paulene Finney

Regarding: Removing Cannon AFB from the BRAC list

Dear BRAC Commissioner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

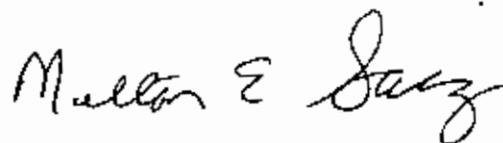

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

Mrs Jayce Brown
Rt 1 Box 108

At Summer H, M, 88119

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

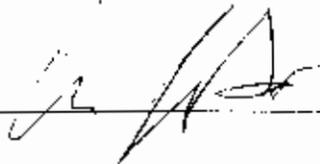

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets versus dropping over water.
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

PS

It makes no sense to be closing bases when we have a war going on. I would rather be "fat" with defense than to have enemies see us as weak in that respect.

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

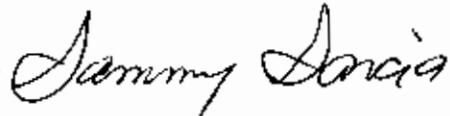

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely, 

BRAC Commission
