McClellan AFB and Defense Distribution Depot (DDD) Sacramento

(Reject; Close McClellan AFB Including ALC + DDD Sacramento; keep neutron radiography & let Def. Depot Maint. Council distrib. assets, ground-electric to Toby.)

I move the Commission find the Secretary of Defense deviated substantially from final criteria 1, 4 and 5, and the force structure, and therefore, the Commission reject the Secretary's recommendation on Air Logistics Centers at Hill AFB, Utah; Kelly AFB, Texas; McClellan AFB, California; Robins AFB, Georgia; and Tinker AFB, Oklahoma, ~~and~~, and, instead, adopt the following recommendation: Close McClellan AFB, California including the Air Logistic Center ^{District 114} and the Defense Distribution Depot, Sacramento. Move the common-use ground-communication electronics to Tobyhanna Army Depot, Pennsylvania. Retain the Radiation Center and make it available for dual-use and/or research, or close as appropriate. Consolidate the remaining workloads to other DoD depots, as determined by the Defense Depot Maintenance Council ~~and~~ or to private sector commercial activities. Move the required equipment and any required personnel to the receiving locations. All other activities and facilities at the base will close. The Commission finds this recommendation is consistent with the force structure plan and final criteria.

Letterkenny Army Depot, Pennsylvania

(Reject; Same as SECDEF motion but add private sector use)

I move the Commission find the Secretary of Defense deviated substantially from final criteria 1, 2, 4 and 5, and, therefore, the Commission reject the Secretary's recommendation on Letterkenny Army Depot, and, instead, adopt the following recommendation: Realign Letterkenny Army Depot by transferring the towed and self-propelled combat vehicle mission to Anniston Army Depot. Retain an enclave for conventional ammunition storage and tactical missile disassembly and storage. Change the 1993 Commission's decision regarding the consolidat^{on}~~ing~~ of tactical missile maintenance at Letterkenny by transferring missile guidance system workload to Tobyhanna Army Depot or private sector commercial activities. The Commission finds this recommendation is consistent with the force structure plan and final criteria.

ARM025-E
 06/21/95 5:25 PM
 DRAFT

Letterkenny Army Depot, Pennsylvania

(Reject; consolidate Letterkenny and Tobyhanna as consolidated depot command)

I move the Commission find the Secretary deviated substantially from final criteria 1 and 4, and, therefore the Commission reject the Secretary's recommendation on Letterkenny Army Depot, and instead, adopt the following recommendation: Realign Letterkenny Army Depot and Tobyhanna Army Depot, Pennsylvania. Letterkenny and Tobyhanna will become a combined depot activity under one command as determined by the Department of the Army. The tactical missile maintenance workload will consolidate under the control of the consolidated depot command. Missile repair work may be assigned to either the private sector or the Letterkenny and Tobyhanna facilities as deemed appropriate. The Letterkenny facility will retain all currently programmed ground combat vehicle workload. Other ground combat vehicle workload will move to Letterkenny as appropriate. The Commission finds this recommendation is consistent with the force structure plan and final criteria.

DETACHMENT, NEW LONDON, CONNECTICUT**

ACCEPT

I move that the Commission find that the Secretary of Defense did not deviate substantially from the force structure plan and final criteria and, therefore, that the Commission adopt the following recommendation of the Secretary of Defense: disestablish the Naval Undersea Warfare Center, Newport Division, New London Detachment, New London, Connecticut, and relocate necessary functions with associated personnel, equipment, and support to Naval Undersea Warfare Center, Newport Division, Newport, Rhode Island. Close the NUWC New London Facility, except retain Pier 7 which is transferred to the Navy Submarine Base New London. The site presently occupied by the U.S. Coast Guard Station, New London, will be transferred to the U.S. Coast Guard. The Navy Submarine Base, New London, Magnetic Silencing Facility will remain at its present location as a tenant of the U.S. Coast Guard. Naval reserve units will relocate to other naval activities, primarily NUWC Newport, Rhode Island, and Navy Submarine Base, New London, Connecticut.

O'Hare IAP Air Reserve Station, Illinois

(Close as Commission Add; assets to Scott AFB only; Chicago funds Army Reserve)

I move the Commission find the Secretary of Defense deviated substantially from final criteria 1, 4, and 5, and, therefore, the Commission adopt the following recommendation: Modify the closure of O'Hare IAP Air Reserve Station as recommended by the 1993 Defense Base Closure and Realignment Commission by deactivating the 928th Airlift Wing (AFRES), rather than relocating the unit, and distribute its C-130 aircraft to Air Force Reserve C-130 units at Dobbins ARB, Georgia and Peterson AFB, Colorado, or as appropriate. Close O'Hare IAP Air Reserve Station, Illinois as proposed by the City of Chicago; relocate the 126th Air Refueling Wing (ANG) to Scott AFB, Illinois, and relocate the remaining assigned Air National Guard units to locations acceptable to the Secretary of the Air Force provided the City of Chicago can demonstrate that it has financing in place to cover the full cost of replacing facilities (except for FAA grants for airport planning and development that would otherwise be eligible for federal financial assistance to serve the needs of civil aviation at the receiving location), environmental impact analyses, moving, and any added costs of environmental cleanup resulting from higher standards or a faster schedule than DoD would be obliged to meet if the base did not close, without any cost whatsoever to the federal government. If the City of Chicago agrees to fund the full cost of relocating the Army Reserve activity, such activity shall also be relocated to a mutually acceptable site; otherwise it shall remain. Extend the commencement of the closure from the recommendation of the 1993 Commission to July, 1996 with a completion date no later than July, 1999. If these conditions are not met, the 126th Air Refueling Wing (ANG) will remain at O'Hare International Airport. The Commission finds this recommendation is consistent with the force structure plan and final criteria.

Roslyn Air Guard Station, New York

(Reject #1- same as SECDEF Rec. w/ provision on sale of land)

I move the Commission find the Secretary of Defense deviated substantially from final criteria 4 and 5, and, therefore, the Commission reject the Secretary's recommendation on Roslyn Air Guard Station, New York, and, instead, adopt the following recommendation: Close Roslyn Air Guard Station (AGS) and relocate the 213th Electronic Installation Squadron (ANG) and the 274th Combat Communications Group (ANG) to Stewart International Airport AGS, New York if the Roslyn Air Guard Station can be sold for its fair market value. The 722nd Aeromedical Staging Squadron (AFRES) will relocate to suitable leased space within the current recruiting area. The Commission finds this recommendation is consistent with the force structure plan and final criteria.

Griffiss Air Force Base, New York

(Reject) [485th Engineering Installation Group; Depot Closures]

I move the Commission find the Secretary of Defense deviate^d substantially from final criterion 3, and, therefore, the Commission reject the Secretary's recommendation on Griffiss Air Force Base, New York, as it pertains to the 485th Engineering Installation Group, and, instead, adopt the following recommendation: Change the recommendation of the 1993 Commission regarding the transfer of the 485th Engineering Installation Group (EIG) from Griffiss AFB, New York, to Hill AFB, Utah, as follows: Inactivate the 485th EIG. Transfer its engineering and installation functions as operational requirements dictate in accordance with Department of the Air Force policy. The Commission finds this recommendation is consistent with the force structure plan and final criteria.

FINAL SELECTION CRITERIA

MILITARY VALUE

(Given priority consideration)

1. The current and future mission requirements and the impact on operational readiness of the Department of Defense's total force.
2. The availability and condition of land, facilities, and associated airspace at both the existing and potential receiving locations.
3. The ability to contingency, mobilization, and future total force requirements at both the existing and potential receiving locations.
4. The cost and manpower implications.

RETURN ON INVESTMENT

5. The extent and timing of potential costs and savings, including the number of years, beginning with the date of completion of the closure or realignment, for the savings to exceed the costs.

IMPACTS

6. The economic impact on communities.
7. The ability of both the existing and potential receiving communities' infrastructure to support forces, missions, and personnel.
8. The environmental impact.

NAVAL ACTIVITIES, GUAM

DUAL LAND USE LANGUAGE INCLUDED

I move that the Commission find that the Secretary of Defense deviated substantially from final criteria 1, and therefore, that the Commission reject the Secretary's recommendation on Naval Activities, Guam, and instead adopt the following recommendation: realign Naval Activities Guam. Locate all Military Sealift Command assets and related personnel and support at available DoD activities or in rented facilities as required to support operational commitments. Disestablish the Naval Pacific Meteorology and Oceanographic Center-WESTPAC, except for the Joint Typhoon Warning Center, which relocates to the Naval Pacific Meteorology and Oceanographic Center, Pearl Harbor, Hawaii. Disestablish the Afloat Training Group-WESTPAC. All other Department of Defense activities that are presently on Naval Activities, Guam may remain either as a tenant of Naval Activities, Guam or other appropriate naval activity. Retain waterfront assets for support, mobilization and contingencies to support the afloat tender and ~~implement~~ shared use of these assets consistent with operational requirements if appropriate. Dispose of property owned by Naval Activities declared releasable under the 1994 Guam Land Use Plan with appropriate restrictions. The Commission finds this recommendation is consistent with the force structure plan and final criteria.

NAVY NUCLEAR POWER PROPULSION TRAINING CENTER, NAVAL TRAINING CENTER, ORLANDO, FLORIDA

ACCEPT

I move that the Commission find that the Secretary of Defense did not deviate substantially from the force structure plan and final criteria and, therefore, that the Commission adopt the following recommendation of the Secretary of Defense: change the receiving site specified by the 1993 Commission (1993 Commission Report, at page 1-38) for the "Nuclear Power School" (or the Navy Nuclear Power Propulsion Training Center) from "the Submarine School at the Naval Submarine Base (NSB), New London" to "Naval Weapons Station, Charleston, South Carolina."

NAVY NUCLEAR POWER PROPULSION TRAINING CENTER, NAVAL TRAINING CENTER, ORLANDO, FLORIDA

REJECT

I move that the Commission find that the Secretary of Defense deviated substantially from final criteria 5, and therefore, that the Commission reject the Secretary's recommendation on Navy Nuclear Power Propulsion Training Center, Orlando, Florida and instead adopt the following recommendation: the receiving site for the Navy Nuclear Power Propulsion Training Center will remain the Submarine School at the Naval Submarine Base (NSB), New London, Connecticut, as specified by the 1993 Commission. The Commission finds this recommendation is consistent with the force structure plan and final criteria.

NAVAL AVIATION DEPOT, PENSACOLA, FLORIDA

ACCEPT

I move that the Commission find that the Secretary of Defense did not deviate substantially from the force structure plan and final criteria and, therefore, that the Commission adopt the following recommendation of the Secretary of Defense: change the recommendation of the 1993 Commission (1993 Commission Report, at pages 1-42/43) by striking the following: "In addition, the Commission recommends that the whirl tower and dynamic component facility be moved to Cherry Point Navy or Corpus Christi Army Depots or the private sector, in lieu of the Navy's plan to retain these operations in a stand-alone facility at NADEP Pensacola."

DEFENSE DISTRIBUTION DEPOT COLUMBUS, OHIO (DDCO)

ACCEPT

I move that the Commission find that the Secretary of Defense did not deviate substantially from the force structure plan and final criteria and, therefore, that the Commission adopt the following recommendation of the Secretary of Defense: realign the Defense Distribution Depot Columbus, Ohio (DDCO), and designate it as a storage site for slow moving/war reserve material. Active material remaining at DDCO at the time of realignment will be attrited. Stock replenishment will be stored in optimum space within the distribution system.

DEFENSE DISTRIBUTION DEPOT, OGDEN, UTAH

ACCEPT WITH LANGUAGE CHANGE FOR ARMY RESERVE ENCLAVE

I move that the Commission find that the Secretary of Defense deviated substantially from final criteria 2 and 3, and therefore, that the Commission reject the Secretary's recommendation on Defense Distribution Depot, Ogden, Utah, and instead adopt the following recommendation: close Defense Distribution Depot Ogden, Utah (DDOU), except for minimum essential land and facilities for a Reserve Component enclave. Material remaining at DDOU at the time of closure will be relocated to optimum storage space within the Department of Defense Distribution System. As a result of the closure of DDOU, all DLA activity will cease at this location and DDOU will be excess to DLA needs. The Commission finds this recommendation is consistent with the force structure plan and final criteria.
