 BRAC

Subject: AIA Washington Procurement Committee

Bob:

Thanks for talking to me today - it sounds like a lot of wheels are moving toward BRAC 95.

The AIA Washington Procurement Committee is a group of industry representatives locally who work areas under the "procurement" or "acquisition" umbrella. Examples of these types of issues are:

- Section 800 panel (several reps on the panel itself)
- Health of the Industrial Base
- NASA Procurement
- Financial Health of the Industry

The Committee would like to invite an official of the Defense Base Closure and Realignment Commission to speak at a luncheon session of the Procurement Committee one week from today (February 9th), at noon at AIA Headquarters, 1250 Eye Street, NW, 11th floor. This will be a joint session with a few members of other industry associations (NSIA, ADPA, EIA, the Chamber of Commerce) in attendance (total of about twenty or thirty people). The subject would be at your discretion, but please include the concepts behind the past and future of the BRAC process.

The luncheon session is very informal and is treated as off-the-record. You will be asked to speak for about 20-30 minutes, with questions from the audience. I even think they'll give you a chance to eat something! These are catered, and, if you get Italian, its really great!

Thanks, and I would appreciate you letting me or Ms. Susan Marshall of AIA (202-371-8533) know as soon as possible if you or Matt or Ben can participate.

Nic Torelli

Bob - I've included the present roster (again, plus a few people from the other associations), and also the YATES - Bowes parties on FIA-18. Niz
