The Lloyd W Newton,

I live in Roosevelt Co, and I have great concerns about the possibility of Cannon AFB closing. Please take into consideration the impact that the closing of the base will have on Roosevelt and Curry Counties, and the towns within these counties. Not only will we loose the fine military personnel that work at Cannon, we as a community will also loose thousands of dollars that our school system depends on to educate our children. We will loose educators, and revenue that our business district depends on.

Please take into consideration the impact of not only financial hardship but also the emotional hardship of everyone involved. Think of what you and your community would loose if you were the have their base close.

Thank you for listening to our concerns.
