RE: KEEP CANNON *Addressed to Commissioner Hansen*

Dear Sir:

I believe it is extremely imperative to keep Cannon open. The impact to Eastern New Mexico will be devastating to an area that is supportive and essential for an air force base and its members.

If the supporting documentation does not include the following criteria....please add the facts shown below:

- 1) Weather
- 2) Area is ideal
- 3) Availability of flying space
- 4) Location includes Clovis, Portales, Amarillo and Lubbock
- 5) National security

Again, this is an important issue. Please reconsider and keep Cannon.

Sincerely,

Phyllis D. Seefeld
