BRAC Commission  
2521 S. Clark Street  
Arlington, VA 22202

Dear Commissioners:

As a manager of a business in Clovis, New Mexico, I am requesting that you reconsider the closure of Cannon Air Force Base.

This base probably has the most ideal weather and bombing range of any base in the U.S. Very soon that space will allow supersonic approach and weapons usage. Because of this advanced bombing range the number of training runs from cannon make this base economical for this training.

As you will also see, the community of Clovis is second to none in support of this base. Even though the single younger airmen may complain about small town it is a great place for raising children.

The health care delivery system is being upgraded by around \$40,000,000.00 to deliver quality care.

Please reconsider Cannon by removing it from the base closure list.

Sincerely,

Marv Schultz  
Administrator
