Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for ail types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others *is* UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Eleanor King

operation KEEP CANNON

Letter Campaign

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,
(signature and address)

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Keri Sides

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Larry Roberts

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Pamela Conditt

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS.

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

James Hunt

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: Lolita Gouet

PS If the base closes it will effect all of our family. We have a grandson who works at the base he will lose his job. Our daughter does Morgage loans at the bank it will be greatly effected. Please keep Cannon Open

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Andua Williams

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely, Eddie E. Miller

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

We need Cannon and Cannon needs us! We would loose too many wonderful people if the PS base were to close. Over half of the people at church stood up when asked if their jobs would be affected by the closing. Half of my family depends upon the commissary and BX. My job would probably be eliminated as well due to the decline in the real estate market. The families that would be transferred to higher cost of living areas would be affected - not to say anything about the atmosphere where they would be living. Clovis is a wholesome community and a wonderful place to raise a family.

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Priscilla Salazar

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic trainng scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Virginia L. Mayhew

Lavarne Wilson

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Cope Cates

These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Kiggy Cates

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring

operation KEEP CANNON

Letter Campaign

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

T C Lyar

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Barbara Howell

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: David L. Coffey 201 Wrangler Way, Clovis, NM 88101

PS It would be a shame to throw away a great military-supporting community and a solid base with excellent supporting features - airspace, etc.

operation KEEP CANNON

Letter Campaign

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,
(signature and address)

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Marsha M. Buesgen

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any ~~encroachment~~ issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Melanie H. Hinderliter

TO BRAC Commissioner, Chairman Anthony Principi

JUL 13

Please reconsider and take Cannon Air Force Base off the base closure list because:

Receiv

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Cleo and Frances Helker

Letter Campaign

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,
(signature and address)

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: Lolita Gouett

PS If the base closes it will affect all our family. We have a grandson who works at the base he will lose his job. Our daughter does Morgage loans at the bank it will be greatly effected. Please keep Cannon open

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Carol E. Keaton 229 Wilmington Clovis

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. TO BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Katrina Dingloff

These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Dorothy S Howard

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: David L. Caffey 201 Wrangler Way, Clovis, NM 88101

PS It would be a shame to throw away a great military-supporting community and a solid base with excellent supporting features - airspace, etc.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Larry Ward

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

M. B. Bentley

BRAC COMMISSION
2521 South Clark Street, Suite 600
Arlington, VA 22202

Dear BRAC COMMISSIONERS:

As a concerned Realtor of Clovis, New Mexico and for the keeping of Cannon Air Force Base, I want you to hear my personal reasons for taking Cannon off the base closure list.

I am sitting here in my real estate office just waiting for the phone and my cell phone to ring. It is dead quiet. I had over 79 buyers most of which were military due with orders for Cannon in May-Sept this year. Most have contacted me and said they would need to take a rental if they could find one and could not consider buying until Cannon AFB is removed from the list. I reply to each of them that I understand and when Cannon is removed from the list I will be here. Real Estate is my life and it is what I do best turning dreams and housing needs into homes, securities, and lifestyles.

I have an income of about $230,000.00 a year with 2 full time assistants which are my family members that I support. My income is usually $9000.00 a month and this month I will be lucky to bring in $1,200.00 income from 2 small mobile home sales for non military in Ft Sumner, NM.

I do not know what to plan for my next few months. I have 7 web sites to maintain and numerous dues and office bill to pay as well as car payment and household expenses. I am cutting out all frivolous treats that I have enjoyed. I realize this is not your fault, but I just want you to understand what a position this BRAC closure is placing on myself and many others affected by just the announcement.

It was a real joy to have 6 of the commissioners as well as our State Govenor, Lt. Governor, and Senators as well as State Representatives in our local hotel last weekend. I was part of the welcoming committee who had the opportunity to distribute fresh flowers and welcome baskets to many of your rooms. I called out your names before God as I went from room to room turning on the air conditioner and placing water in your refrigerator. This was not just an act of kindness, but one of opportunity. I want you to know that I personally prayed for each of you to be fair and to listen to our delegation pour out our Cannon facts and misconceptions that had been previously given to the DOD. They so eloquently spoke in behalf of each and every Clovis and Portales citizen and with our good in mind. It was my pleasure to be part of the people who lined the street in front of the RE/MAX hot air balloon and then hurry to take my seat at Marshall to hear the powerful and heartfelt presentation by Senator Pete Domenici, Senator Jeff Bingaman, and Rep. Heather Wilson, and Rep. Tom Udall as well as our Governor Bill Richardson and his Lt. Gov.Denish. I was so proud to hear Randy Harris and Chad Lydick speak words of truth about our economic forecast and how well our base has excelled in missions and are looking for a bight future with additional missions that are

BRAC Commission

Received

currently being made possible by the additional air space being purchased. We do love our community and we do love the military families who live here and have become part of us and want to stay here for a long time.

I want to personally plead with you to consider and reconsider the previous decision to place Cannon AFB on the BRAC list and consider the impact on our local area communities and our economy as well as my personal livelihood as a Realtor. I want those emails to keep coming in and I want to assist more and more families find the American Dream of home ownership.

Sincerely,
SHARON HICKS

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Lonnie Burch

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Gracie Barnes

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

BRAC Commission

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis next month.

Sincerely;

operation KEEP CANNON

Letter Campaign

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,
(signature and address)

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F 35, Joint Strike Fighter, etc
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely, Rey Romero

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: Rosita Romero

PS 60 million expansion to plains Regional Medical Center with Heart and Cancer Wings 10,000 square feet of Rehab Center plus 60 new medical staff and New VA Clinic.

operation KEEP CANNON Letter Campaign

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,
(signature and address)

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Mary E. Craig

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Lloyd W. Hinderliter

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

We need Cannon and Cannon needs us! We would loose too many wonderful people if the PS base were to close. Over half of the people at church stood up when asked if their jobs would be affected by the closing. Half of my family depends upon the commissary and BX. My job would probably be eliminated as well due to the decline in the real estate market. The families that would be transferred to higher cost of living areas would be affected - not to say anything about the atmosphere where they would be living. Clovis is a wholesome community and a wonderful place to raise a family.

operation KEEP CANNON

Letter Campaign

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,
(signature and address)

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Charla Krumheuer

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: Wendell H Osborn

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: Christie Martinez

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

Ronda Rupe

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

DCN: 4874

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: Maria A Cuba

THANK YOU BRAC COMMISSIONERS

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about $5 million.

- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.

- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Peli M. Hanley

- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Jennifer K. Markham

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

J. W. Tinbank

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

BRAC COMMISSION
2521 South Clark Street, Suite 600
Arlington, VA 22202

Dear BRAC COMMISSIONERS:

As a concerned Realtor of Clovis, New Mexico and for the keeping of Cannon Air Force Base, I want you to hear my personal reasons for taking Cannon off the base closure list.

I am sitting here in my real estate office just waiting for the phone and my cell phone to ring. It is dead quiet. I had over 79 buyers most of which were military due with orders for Cannon in May-Sept this year. Most have contacted me and said they would need to take a rental if they could find one and could not consider buying until Cannon AFB is removed from the list. I reply to each of them that I understand and when Cannon is removed from the list I will be here. Real Estate is my life and it is what I do best turning dreams and housing needs into homes, securities, and lifestyles.

I have an income of about $230,000.00 a year with 2 full time assistants which are my family members that I support. My income is usually $9000.00 a month and this month I will be lucky to bring in $1,200.00 income from 2 small mobile home sales for non military in Ft Sumner, NM.

I do not know what to plan for my next few months. I have 7 web sites to maintain and numerous dues and office bill to pay as well as car payment and household expenses. I am cutting out all frivolous treats that I have enjoyed. I realize this is not your fault, but I just want you to understand what a position this BRAC closure is placing on myself and many others affected by just the announcement.

It was a real joy to have 6 of the commissioners as well as our State Govenor, Lt. Governor, and Senators as well as State Representatives in our local hotel last weekend. I was part of the welcoming committee who had the opportunity to distribute fresh flowers and welcome baskets to many of your rooms. I called out your names before God as I went from room to room turning on the air conditioner and placing water in your refrigerator. This was not just an act of kindness, but one of opportunity. I want you to know that I personally prayed for each of you to be fair and to listen to our delegation pour out our Cannon facts and misconceptions that had been previously given to the DOD. They so eloquently spoke in behalf of each and every Clovis and Portales citizen and with our good in mind. It was my pleasure to be part of the people who lined the street in front of the RE/MAX hot air balloon and then hurry to take my seat at Marshall to hear the powerful and heartfelt presentation by Senator Pete Domenici, Senator Jeff Bingaman, and Rep. Heather Wilson, and Rep. Tom Udall as well as our Governor Bill Richardson and his Lt. Gov.Denish. I was so proud to hear Randy Harris and Chad Lydick speak words of truth about our economic forecast and how well our base has excelled in missions and are looking for a bight future with additional missions that are

BRAC Commission DCN: 4874

JUL 13 2005

Received

currently being made possible by the additional air space being purchased. We do love our community and we do love the military families who live here and have become part of us and want to stay here for a long time.

I want to personally plead with you to consider and reconsider the previous decision to place Cannon AFB on the BRAC list and consider the impact on our local area communities and our economy as well as my personal livelihood as a Realtor. I want those emails to keep coming in and I want to assist more and more families find the American Dream of home ownership.

Sincerely,
SHARON HICKS

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Laura Luckett

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Candelaria Vasquez

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Larry Stagg

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- $60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure
