

Dear BRAC Committee

We need C.A.F.B, it gives clovis strength and give us our beliefs. Many people depend on it for food, shelter, electricity, and medical help. Cannon is like a shield and without it Clovis is defenceless. We will fight for what we believe in, and I believe in Cannon. What good will closing done do? We will lose a military base. We will lose friends. We will lose reasons. We will lose the family that we see in our class rooms and more. Every year we have Marsville for 5th graders. And it is fun. 5th graders next years could get to try it. Were would they have it? Cannon is a 3rd of clovis. We need it! **BAD!** So please help us. Please!

From, Tyler
