Dear BRAC Commission,

I writing to you because I don't want you to close CAFB. A couple good things are we are the closest base to Los Alamos Lab and Super Sonic Airspace.

There is also open space for training. My parents are military and lots of people in my school have military moms and dads. Thousands of people will lose their home so please don't close down CAFB!

Sincerely,
Brandon Lakach

Please Don't
Close CAFB!!!
