

JUL 15 2005

TO BRAC Commissioner, Chairman Anthony Principi

Received

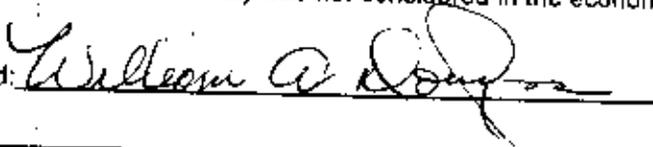

Please reconsider and take Cannon Air Force Base off the base closure list because:

**KEY MILITARY FACTS:**

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

**KEY COMMUNITY FACTS:**

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

**OPERATION KEEP CANNON**

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

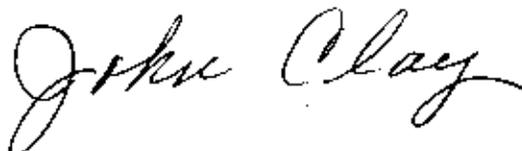

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

JUL 15 2005

Chairman Anthony J. Principi  
Base Realignment and Closure Commission  
2521 South Clark Street  
Suite 600  
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am so concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Stacey Clause

# Operation KEEP CANNON *Letter Campaign*

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,  
(signature and address)

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the Air Force Reserve and the NY Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Dear Chairman Principi and BRAC Commissioners;

The personnel needs of our Defense Dept. should be high during times of crises; lesser numbers are needed during times of relative calm. The military reserves fill this need most effectively and economically.

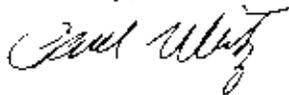

I am retired from the Air Force Reserve but now my family or I have no personal financial interest in base closings.

I was a Buffalo Fire Dept. Captain, Battalion Chief, finally Division Chief (highest civil service rank in the Buffalo Fire Dept.) during that time.

The Air Force got me for the for the part time salary of a Staff Sgt. later Tech Sgt.

Most of our unit consisted of Buffalo, Rochester, or other Professional firefighters. I think this is true of Pilots, Police Officers, and other occupations who serve in the Reserve. Why would the Department of Defense ever throw away such a resource?

Sincerely, Paul Weitz

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

*Dear Sir: encourage the Defense Dept. to Rejust  
 Sincerely, their spending. Close some foreign interests  
 and build more military bases in the USA.  
 I have lived here in Buffalo New York and Williamsville,  
 New York since 1941 and I and my family have  
 come to rely on the Niagara Falls Air Force Base.*

This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is **UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY**. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

JUL 15 2005

**OPERATION KEEP CANNON**

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Please reconsider and take Cannon Air Force Base off the base closure list because:

## KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

## KEY COMMUNITY FACTS:

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

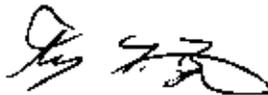

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

By signing you are allowing additional copies to be made and mailed to the following: CC: BRAC Commissioners; Anthony J. Principi, James H. Bilbray, Philip Coyle, Harold W. Gehman Jr., James V. **OPERATION KEEP CANNON**

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

*Gene E Phillips*

## OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

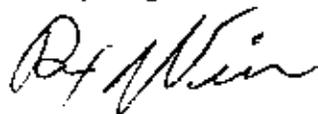

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is **UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY**. These towns are home to large military retirees populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

JUL 15 2005

Please reconsider and take Cannon Air Force Base off the base closure list because:

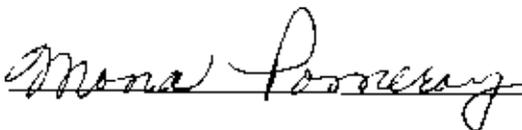

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

BRAC Commission

To Whom It May Concern

I would like you to consider taking Cannon Air Force Base, New Mexico off the BRAC list for the following reasons:

1. It would be more cost effective to fly planes to the Melrose Bombing Range from Cannon than from other bases. Reason for this would be the cost of fuel and they would get more bombing training runs in than if they were to fly from another base. They would only get in one or two runs before having to return to their base for fuel.
2. The local community depends on the weather radar at the base for severe weather warnings. If the base were to close we would have to either man the weather radar ourselves or depend on Amarillo, Lubbock or Albuquerque for these warnings.
3. Our retirees for about a 200 mile radius depend on the base for their medical, prescriptions, ID cards and renewing their DEERS documentation.
4. The retirees also come to the base to shop at the base commissary for discount groceries and when they are at the base do other shopping in the community.
5. Last, the base and the community have one of the greatest relationships for military and civilians. It would be a loss to lose this wonderful relationship. Cannon and Clovis have had this relationship for the past 60 years and it grows every year.

Your consideration in taking the above reasons for keeping Cannon open is greatly appreciated.

- well as any other base we might be compared with. It would weaken our military capability to close Cannon rather than another base that does not rank as high on military capability. The overall objective of the BRAC is to reduce the number of bases but a base with the resources and capabilities of Cannon should not be on that type of list.
4. I am a retired Chief Master Sergeant and spent over 30 years in the Air Force. I was stationed at 16 different bases during those 30 years and spent time temporarily at dozens of other bases. I can not name one other base that has better facilities, weather, or community relations. Ad to that the extremely low cost of land if needed for expansion and I think you will agree that this is one of the premier bases in the entire Department of Defense.
  5. It's not important to us at this point how the incorrect data was submitted to the Department of Defense. Our only concern now is that the true facts and figures be used to recompute our ranking among other bases and that our base be removed from the list.

Subject: Cannon AFB

1. I want to thank you for coming to Cannon AFB and Clovis, New Mexico as part of your BRAC Commission hearings. Your visit demonstrates the importance you attach to the significant actions that would result if Cannon remains on the closure list.
2. I'm sure you and your staff will analyze all the facts, figures and data that our work group put together. I know you will find that the information submitted to the Air Force, which in-turn was submitted to the Department of Defense, was grossly in error. Not only the factual data about the mission capabilities of the base but also the economic impact on all the local communities presented an untrue picture of Cannon's military and economic contributions. Our base has the current and future capability to be a major contributor to military training and operational missions.
3. We know you take the charter of the BRAC Commission very seriously. It is readily apparent from the revised facts and figures our work group assembled that we are no where near the total score we were given by the Department of Defense. When the scores are recomputed we would be near, if not at the top of all the F-16 bases as

Admiral (Ret.) Harold Gehman  
Commissioner  
Base Realignment and Closure Commission  
2521 South Clark Street, Suite 600  
Arlington, VA 22202

Dear Admiral Gehman,

I would like to take this opportunity to thank you for your attention to the delegation from Indiana during the recent BRAC Hearing in St. Louis. I hope that the testimony helped you realize the importance of Indiana Military installations, in particular NSWC Crane and Crane Army Ammunition Activity, to our Nation's Defense and the Global War On Terrorism. As a concerned taxpayer I support the work you are doing to ensure that our Military operations remain as effective and affordable as possible. I also realize that you have a very difficult job in deciding which activities to re-align or close as part of the BRAC process.

I have been following the BRAC process closely since the proposed closure/re-alignment list was published and I am growing increasingly concerned that DOD has not followed sound judgment in making some of its recommendations. The DOD is required to take into account the return on investment resulting from its closure/re-alignment recommendations. Crane has become a one-stop shop for specialized weapons for our Special Forces Warfighters. Crane did this by being responsive, innovative, technically superior and affordable for these outstanding soldiers. As our reputation for delivering what the customer needed, when it was needed, at a cost that was affordable, more work was brought to us. The proposal to the commission to realign work to China Lake and Picatinny will now split the support to Special Forces to different locations. This will add cost, reduce efficiency and cause a loss in intellectual capital that could take years to replace.

**I urge you to reconsider the recommendation to re-align work from NSWC Crane by properly taking into account the Return On Investment requirements of BRAC law.**

Very Respectfully,

  
Allison L. Kight

**OPERATION KEEP CANNON**

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is **UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY**. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

JUL 15 2005

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

*Lillie Jo Hatley*

BRAC COMMISSION  
2521 South Clark Street, Suite 600  
Arlington, VA 22202

Dear BRAC COMMISSIONERS:

As a concerned Realtor of Clovis, New Mexico and for the keeping of Cannon Air Force Base, I want you to hear my personal reasons for taking Cannon off the base closure list.

I am sitting here in my real estate office just waiting for the phone and my cell phone to ring. It is dead quiet. I had over 79 buyers most of which were military duc with orders for Cannon in May-Sept this year. Most have contacted me and said they would need to take a rental if they could find one and could not consider buying until Cannon AFB is removed from the list. I reply to each of them that I understand and when Cannon is removed from the list I will be here. Real Estate is my life and it is what I do best turning dreams and housing needs into homes, securities, and lifestyles.

I have an income of about \$230,000.00 a year with 2 full time assistants which are my family members that I support. My income is usually \$9000.00 a month and this month I will be lucky to bring in \$1,200.00 income from 2 small mobile home sales for non military in Ft Sumner, NM.

I do not know what to plan for my next few months. I have 7 web sites to maintain and numerous dues and office bill to pay as well as car payment and household expenses. I am cutting out all frivolous treats that I have enjoyed. I realize this is not your fault, but I just want you to understand what a position this BRAC closure is placing on myself and many others affected by just the announcement.

It was a real joy to have 6 of the commissioners as well as our State Governor, Lt. Governor, and Senators as well as State Representatives in our local hotel last weekend. I was part of the welcoming committee who had the opportunity to distribute fresh flowers and welcome baskets to many of your rooms. I called out your names before God as I went from room to room turning on the air conditioner and placing water in your refrigerator. This was not just an act of kindness, but one of opportunity. I want you to know that I personally prayed for each of you to be fair and to listen to our delegation pour out our Cannon facts and misconceptions that had been previously given to the DOD. They so eloquently spoke in behalf of each and every Clovis and Portales citizen and with our good in mind. It was my pleasure to be part of the people who lined the street in front of the RE/MAX hot air balloon and then hurry to take my seat at Marshall to hear the powerful and heartfelt presentation by Senator Pete Domenici, Senator Jeff Bingaman, and Rep. Heather Wilson, and Rep. Tom Udall as well as our Governor Bill Richardson and his Lt. Gov. Demish. I was so proud to hear Randy Harris and Chad Lydick speak words of truth about our economic forecast and how well our base has excelled in missions and are looking for a bright future with additional missions that are

JUL 15 2005

**THANK YOU BRAC COMMISSIONERS** *Received*

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

well as any other base we might be compared with. It would weaken our military capability to close Cannon rather than another base that does not rank as high on military capability. The overall objective of the BRAC is to reduce the number of bases but a base with the resources and capabilities of Cannon should not be on that type of list.

4. I am a retired Chief Master Sergeant and spent over 30 years in the Air Force. I was stationed at 16 different bases during those 30 years and spent time temporarily at dozens of other bases. I can not name one other base that has better facilities, weather, or community relations. Add to that the extremely low cost of land if needed for expansion and I think you will agree that this is one of the premier bases in the entire Department of Defense.
5. It's not important to us at this point how the incorrect data was submitted to the Department of Defense. Our only concern now is that the true facts and figures be used to recompute our ranking among other bases and that our base be removed from the list.

Please reconsider and take Cannon Air Force Base off the base closure list because:

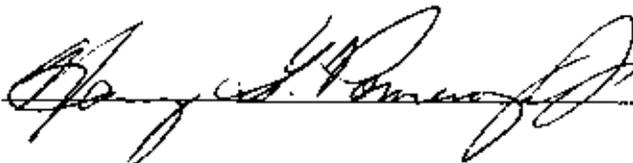

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

## OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments *ALL*
- Safer, more realistic training scenarios for *all* types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

JUL 15 2005

**BRAC Commissioner, Chairman Anthony Principi**

**Received**

**Please reconsider and take Cannon Air Force Base off the base closure list because:**

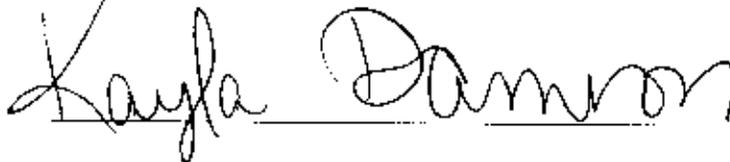

**KEY MILITARY FACTS:**

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

**KEY COMMUNITY FACTS:**

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

We need Cannon and Cannon needs us! We would loose too many wonderful people if the PS base were to close. Over half of the people at church stood up when asked if their jobs would be affected by the closing. Half of my family depends upon the commissary and BX. My job would probably be eliminated as well due to the decline in the real estate market. The families that would be transferred to higher cost of living areas would be affected - not to say anything about the atmosphere where they would be living. Clovis is a wholesome community and a wonderful place to raise a family.

Please reconsider and take Cannon Air Force Base off the base closure list because:

## KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

## KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed:

*Salita Coyle*

PS

*If the base closes it will affect all of our families.**We have a grandson who works at the base he will lose his job**Our daughter does mortgage loans at the bank it will be greatly**This letter will be copied to send to the following: ~~updated~~.. Please keep Cannon AFB*

# Operation KEEP CANNON *Letter Campaign*

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,  
(signature and address)

The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you to please reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,  
(signature and address)

# Operation KEEP CANNON *Letter Campaign*

Dear BRAC Commissioners:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

By signing you are allowing additional copies to be made and mailed to the following: CC: BRAC Commissioners; Anthony J. Principi, James H. Bilbray, Philip Coyle, Harold W. Gehman Jr., James V. Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

By signing you are allowing additional copies to be made and mailed to the following: CC: BRAC Commissioners: Anthony J. Principi, James H. Bilbray, Philip Coyle, Harold W. Gehman Jr., James V. Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon AFB and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land West of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

By signing you are allowing additional copies to be made and mailed to the following; CC: BRAC Commissioners; Anthony J. Principi, James H. Bilbray, Philip Coyle, Harold W. Gehman Jr., James V. Dear BRAC Committee,

We the surrounding communities of Curry and Roosevelt County that have had the honor of having Cannon AFB a part of our community for more than 50 years. There are many reasons that Cannon should NOT be closed.

Some of the things are the abundance of air space, void of any encroachment issues, the future use of super sonic flying, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runways at Cannon, which allows pilots to get airborne and immediately begin their training operations over the area.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon AFB and GAVE them the to the Air Force. # THANK YOU BRAC COMMISSIONERS

Received

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

HONORABLE COMMISSIONERS:

*Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.*

*It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.*

*It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.*

*All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.*

*I'm looking forward to attending your meeting in Clovis next month.*

Sincerely:

These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Re: CANNON AIR FORCE BASE ON CLOSURE LIST

**HONORABLE COMMISSIONERS:**

Our City and Community, as well as Portales, Roosevelt County, Cities of Amarillo and Lubbock, Texas were all shocked to hear CANNON is on the closure list.

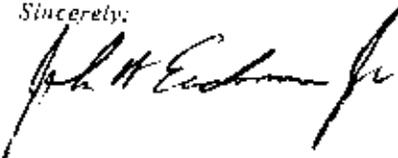

It is most difficult to understand why, as CANNON has met, in fact exceeded the requirements of the Pentagon Officials who developed the closure list. Millions of dollars have been spent recently on expanding the fire station, hospital, runway and the overpass.

It will be very devastating and far reaching for us, even closing one of our schools that mostly children of CANNON attends.

All consideration possible should be given to removing CANNON from the list. We are all human and can make a mistake, and I certainly feel a human error was made when CANNON was placed on the list.

I'm looking forward to attending your meeting in Clovis next month

Sincerely,

**OPERATION KEEP CANNON**

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is **UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY**. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

## OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

BRAC Commission

To Whom It May Concern

I would like you to consider taking Cannon Air Force Base, New Mexico off the BRAC list for the following reasons:

1. It would be more cost effective to fly planes to the Melrose Bombing Range from Cannon than from other bases. Reason for this would be the cost of fuel and they would get more bombing training runs in than if they were to fly from another base. They would only get in one or two runs before having to return to their base for fuel.
2. The local community depends on the weather radar at the base for severe weather warnings. If the base were to close we would have to either man the weather radar ourselves or depend on Amarillo, Lubbock or Albuquerque for these warnings.
3. Our retirees for about a 200 mile radius depend on the base for their medical, prescriptions, ID cards and renewing their DEERS documentation.
4. The retirees also come to the base to shop at the base commissary for discount groceries and when they are at the base do other shopping in the community.
5. Last, the base and the community have one of the greatest relationships for military and civilians. It would be a loss to lose this wonderful relationship. Cannon and Clovis have had this relationship for the past 60 years and it grows every year.

Your consideration in taking the above reasons for keeping Cannon open is greatly appreciated.

The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is **UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY**. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

*Andria S. Cason*

## OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed:

*Kennedy Morgan*

PS

*We are a military oriented community. We NEED our base.*

These towns are home to large military retirees populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

## OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is **UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY**. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

*Mrs Joyce Crow*

BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

## KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

## KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed: Beverly MorganPS We are a military oriented community. We NEED our base.

As hopefully you will personally witness, the relationship between Cannon AFB and the surrounding towns: Clovis, Portales, Lubback, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon AFB for healthcare, grocery shopping, and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for. The sound of those jets flying over is the sound of FREEDOM!

Sincerely,

By signing you are allowing additional copies to be made and mailed to the following: CC: BRAC Commissioners: Anthony J. Principi, James H. Bilbray, Philip Coyle, Harold W. Gehman Jr., James V. Hansen, James T. Hill, Lloyd "Fig" Newton, Samuel Knox Skinner, Sue Ellen Turner, President George W. Bush, Mrs. Laura Bush, Gov. Bill Richardson, Senators: Pete Domenici, Jeff Bingaman Rep. ## OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because:

KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Subject: Cannon AFB

1. I want to thank you for coming to Cannon AFB and Clovis, New Mexico as part of your BRAC Commission hearings. Your visit demonstrates the importance you attach to the significant actions that would result if Cannon remains on the closure list.
2. I'm sure you and your staff will analyze all the facts, figures and data that our work group put together. I know you will find that the information submitted to the Air Force, which in-turn was submitted to the Department of Defense, was grossly in error. Not only the factual data about the mission capabilities of the base but also the economic impact on all the local communities presented an untrue picture of Cannon's military and economic contributions. Our base has the current and future capability to be a major contributor to military training and operational missions.
3. We know you take the charter of the BRAC Commission very seriously. It is readily apparent from the revised facts and figures our work group assembled that we are no where near the total score we were given by the Department of Defense. When the scores are recomputed we would be near, if not at the top of all the F-16 bases as

## OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is **UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY**. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

*Earl W. Young*

**THANK YOU BRAC COMMISSIONERS** *Received*

For coming to Clovis, NM and Cannon Air Force Base to hear our case and for your consideration to take Cannon off the base closure list for the following reasons presented to you by our representatives and local leaders:

- Air Force military value scoring did not look to the future and failed to consider such important factors as a soon-to-be-enacted New Mexico Training Range Initiative that gives pilots access to broader supersonic air space.
- Cannon did not score well on encroachment, when in fact its defenders argue there is no encroachment upon the base on land or in the air.
- Cannon was given credit for only two of the four areas of airspace for flying missions available to its pilots.
- Cannon should have received the maximum score available for its use of the nearby Melrose Bombing Range, which has full capability for the dropping of all types of weapons and providing more realistic practice using land targets verses dropping over water
- Clovis city leaders approved the extension of the runway at Clovis Municipal Airport from 6,200 feet to 8,600 feet, giving Cannon access to a suitable auxiliary airfield within 50 miles.
- Cannon could double in size for about \$5 million.
- Cannon has 329 days of good flying weather, yet bases with worse flying weather scored equally well under the rating formula. Cannon diverts an average of only 20 flights each year, a low number compared to other bases.
- The Pentagon lists savings it could achieve by moving Cannon's fighter squadrons to other bases but fails to factor in the costs of personnel associated with those squadrons on the other bases' side of the ledger.

JUL 15 2005

TO BRAC Commissioner, Chairman Anthony Principi

Please reconsider and take Cannon Air Force Base off the base closure list because: **Received****KEY MILITARY FACTS:**

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

**KEY COMMUNITY FACTS:**

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

*H. V. Lusk*

BRAC Commissioner, Chairman Anthony Principi

Received

Please reconsider and take Cannon Air Force Base off the base closure list because:

## KEY MILITARY FACTS:

- Abundance in air space with no encroachments
- Safer, more realistic training scenarios for all types of planes and missions
- Once implemented, supersonic flying through the N.M. Training Range Initiative
- Great year-round weather for flying conditions
- Melrose bombing range is seconds away
- New runways on the base—two runways, not just one
- Ample space and ramp space for surge force requirements
- Support of training missions for F-22, F-35, Joint Strike Fighter, etc.
- Award winning base on ACC, Air Force, and NAF levels
- A relationship like none other with the communities of Clovis, Portales, and the surrounding areas
- Large military retiree population within a 150 mile radius

## KEY COMMUNITY FACTS:

- \$60 million expansion to Plains Regional Medical Center with new Heart, and Cancer Wings, 10,000 sq. ft. Rehab Center as well as the addition of 60+ new medical staff
- Expansions to Clovis Community College and Eastern NM University—classes offered on base
- New VA Clinic opened this year
- Expansion and new industry is providing job opportunities for spouses and children
- Many new housing developments are providing housing needs
- New restaurants, building suppliers, and retail businesses adding to the established base
- New Civic Center under construction for increased community events
- Military discounts offered by local businesses
- The best schools and teaching staff in NM
- A Christian-based community that is family oriented and caring
- Portales community was not considered in the economic impact of closure

Signed:

*Rosita Romo*

PS

*60 million expansion to plains Regional Medical Center with Heart and Cancer wings*

## OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

The Honorable Samuel Knox Skinner  
BRAC Commissioner  
Base Realignment and Closure Commission  
2521 South Clark Street, Suite 600  
Arlington, VA 22202

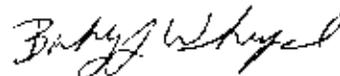

Dear Commissioner Skinner,

I would like to take this opportunity to thank you for your recent visit to NSWC Crane, Crane Army Ammunition Activity, and Southern Indiana. As a concerned taxpayer I support the work you are doing to ensure that our Military operations remain as effective and affordable as possible. I realize that you have a very difficult job in deciding which activities to re-align or close as part of the BRAC process. I hope that your visit helped you to realize what important assets NSWC Crane and CAAA are to our Nation's Defense and the Global War On Terrorism.

I have been following the BRAC process closely since the proposed closure/re-alignment list was published and I am growing increasingly concerned that DOD has not properly followed the law in developing recommendations. The DOD is required to take into account the return on investment resulting from its closure/re-alignment recommendations. Crane has become a one-stop shop for specialized weapons for our Special Forces Warfighters. Crane did this by being responsive, innovative, technically superior and affordable for these outstanding soldiers. As our reputation for delivering what the customer needed, when it was needed, at a cost that was affordable, more work was brought to us. The proposal to the commission to realign work to China Lake and Picatinny will now split the support to special forces to different locations. This will add cost, reduce efficiency and cause a loss in intellectual capital that could take years to replace.

I urge you to reconsider the recommendation to re-align work from NSWC Crane by properly taking into account the Return On Investment requirements of BRAC law.

Very Respectfully,

Dear Commissioner Skinner,

I would like to take this opportunity to thank you for your recent visit to NSWC Crane, CAAA and Southern Indiana. As a concerned taxpayer I support the work you are doing to ensure that our Military operations remain as effective and affordable as possible. I realize that you have a very difficult job in deciding which activities to re-align or close as part of the BRAC process. I hope that your visit helped you to realize what important assets NSWC Crane and CAAA are to our Nation's Defense and the Global War On Terrorism.

I have been following the BRAC process closely since the proposed closure/re-alignment list was published and I am growing increasingly concerned that DOD has not properly followed the law in developing recommendations. DOD is required to give priority consideration to installations that have a high military value ranking. Data available on the DOD website ([www.defenselink.mil/brac](http://www.defenselink.mil/brac)) leads me to conclude that NSWC Crane's military value rating was not taken into account properly, which is violation of BRAC law. Specifically, NSWC Crane has one of the highest military value ratings of all activities performing Electronic Warfare work, including a higher rating than NAS Whidbey Island and yet it is recommended that Electronic Warfare workload related to repair of the ALQ-99 system be re-aligned from NSWC Crane to NAS Whidbey Island.

The DOD is also required to take into account the return on investment resulting from its closure/re-alignment recommendations. In reviewing the cost data that is available on the E-Library at the BRAC Commission website ([www.brac.gov](http://www.brac.gov)) I have come to the conclusion that the moving the ALQ-99 Electronic Warfare workload to NAS Whidbey Island does not result in any cost savings. It appears that all of the savings in this scenario are generated by re-aligning work within Whidbey Island and moving work from North Island, CA to Whidbey Island. In other words this scenario will save DOD even more money if the NSWC Crane portion is eliminated!

I urge you to reconsider the recommendation to re-align work from NSWC Crane by properly taking into account the Military Value and Return On Investment requirements of BRAC law.

Very Respectfully,

I have been following the BRAC process closely since the proposed closure/re-alignment list was published and I am growing increasingly concerned that DOD has not properly followed the law in developing recommendations. The DOD is required to take into account the return on investment resulting from its closure/re-alignment recommendations. In reviewing the cost data that is available on the E-library at the BRAC Commission website ([www.brac.gov](http://www.brac.gov)) I have come to the conclusion that moving Chemical and Biological workload from NSWC Crane to Edgewood in Maryland does not result in any costs savings. It appears that, of the four sites being re-aligned to Edgewood (NSWC Crane, NSWC Dahlgren, Falls Church and Fort Belvoir), only the Falls Church and Fort Belvoir generate any return on investment. The NSWC Crane and NSWC Dahlgren re-alignments cost more than they save. In fact it appears that, when added together, the four re-alignments to Edgewood result in a net loss rather than net savings. In other words the only way this scenario will save money is if the NSWC Crane and NSWC Dahlgren portions of the re-alignments are eliminated!

I urge you to reconsider the recommendation to re-align work from NSWC Crane by properly taking into account the Return On Investment requirements of BRAC law.

Very Respectfully,

Dear Admiral Gehman,

I would like to take this opportunity to thank you for your attention to the delegation from Indiana during the recent BRAC Hearing in St. Louis. I hope that the testimony helped you realize the importance of Indiana Military installations, in particular NSWC Crane and CAAA, to our Nation's Defense and the Global War On Terrorism. As a concerned taxpayer I support the work you are doing to ensure that our Military operations remain as effective and affordable as possible. I also realize that you have a very difficult job in deciding which activities to re-align or close as part of the BRAC process.

I have been following the BRAC process closely since the proposed closure/re-alignment list was published and I am growing increasingly concerned that DOD has not followed sound judgement in making some of it's recommendations. Data available on the DOD website ([www.defenselink.mil/brac](http://www.defenselink.mil/brac)) indicates that it is going to cost \$150M to move the 152 people working on the ALQ-99 depot from NSWC Crane to NAS Whidbey Island. That equals a cost of nearly \$1M per person for the move. In addition, information available at the Federation of American Scientists website ([www.fas.org](http://www.fas.org)) seems to indicate that the platform for the ALQ-99, the EA-6B Prowler, will begin to be retired from service in the year 2010. I find it hard to believe that it is in the best interest of the DOD and the taxpayers to spend \$150M to move 152 people doing work on a system that is about to be removed from service.

I urge you to reconsider the recommendation to re-align the ALQ-99 work from NSWC Crane by properly taking into the costs involved in this re-alignment and the relatively short remaining service life of the equipment.

Very Respectfully,

Janee N. Kile

As a concerned taxpayer I support the work you are doing to ensure that our Military operations remain as effective and affordable as possible. I also realize that you have a very difficult job in deciding which activities to re-align or close as part of the BRAC process.

I have been following the BRAC process closely since the proposed closure/re-alignment list was published and I am growing increasingly concerned that DOD has not followed sound judgement in making some of it's recommendations. Data available on the DOD website ([www.defenselink.mil/brac](http://www.defenselink.mil/brac)) indicates that it is going to cost \$150M to move the 152 people working on the ALQ-99 depot from NSWC Crane to NAS Whidbey Island. That equals a cost of nearly \$1M per person for the move. In addition, information available at the Federation of American Scientists website ([www.fas.org](http://www.fas.org)) seems to indicate that the platform for the ALQ-99, the EA-6B Prowler, will begin to be retired from service in the year 2010. I find it hard to believe that it is in the best interest of the DOD and the taxpayers to spend \$150M to move 152 people doing work on a system that is about to be removed from service.

I urge you to reconsider the recommendation to re-align the ALQ-99 work from NSWC Crane by properly taking into account the costs involved in this re-alignment and the relatively short remaining service life of the equipment.

Very Respectfully,

JUL 15 2005

The Honorable Samuel Knox Skinner  
BRAC Commissioner  
Base Realignment and Closure Commission  
2521 South Clark Street, Suite 600  
Arlington, VA 22202

Dear Commissioner Skinner,

I would like to take this opportunity to thank you for your recent visit to NSWC Crane, CAAA and Southern Indians. As a concerned taxpayer I support the work you are doing to ensure that our Military operations remain as effective and affordable as possible. I realize that you have a very difficult job in deciding which activities to re-align or close as part of the BRAC process. I hope that your visit helped you to realize what important assets NSWC Crane and CAAA are to our Nation's Defense and the Global War On Terrorism.

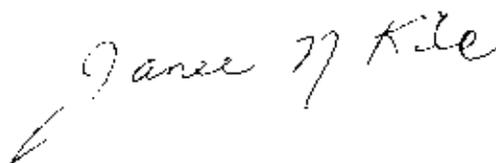

I have been following the BRAC process closely since the proposed closure/re-alignment list was published and I am growing increasingly concerned that DOD has not properly followed the law in developing recommendations. DOD is required to give priority consideration to installations that have a high military value ranking. Data available on the DOD website ([www.defenseLINK.mil/brac](http://www.defenseLINK.mil/brac)) leads me to conclude that NSWC Crane's military value rating was not taken into account properly, which is violation of BRAC law. Specifically, NSWC Crane has one of the highest military value ratings of all activities performing Electronic Warfare work, including a higher rating than NAS Whidbey Island and yet it is recommended that Electronic Warfare workload related to repair of the ALQ-99 system be re-aligned from NSWC Crane to NAS Whidbey Island.

The DOD is also required to take into account the return on investment resulting from its closure/re-alignment recommendations. In reviewing the cost data that is available on the E-Library at the BRAC Commission website ([www.brac.gov](http://www.brac.gov)) I have come to the conclusion that the moving the ALQ-99 Electronic Warfare workload to NAS Whidbey Island does not result in any cost savings. It appears that all of the savings in this scenario are generated by re-aligning work within Whidbey Island and moving work from North Island, CA to Whidbey Island. In other words this scenario will save DOD even more money if the NSWC Crane portion is eliminated!

I urge you to reconsider the recommendation to re-align work from NSWC Crane by properly taking into account the Military Value and Return On Investment requirements of BRAC law.

Very Respectfully,

Jane N. Kile

JUL 15 2005

I urge you to reconsider the recommendation to re-align S, E and EW workload to sites other than NSWC Crane by properly taking into account the joint capability of NSWC Crane and CAAA as well as the DODs own Military Value scoring analysis.

Very Respectfully,

Admiral (Ret.) Harold Gehman  
Commissioner  
Base Realignment and Closure Commission  
2521 South Clark Street, Suite 600  
Arlington, VA 22202

Dear Admiral Gehman,

I would like to take this opportunity to thank you for your attention to the delegation from Indiana during the recent BRAC Hearing in St. Louis. As a concerned taxpayer I support the work you are doing to ensure that our Military operations remain as effective and affordable as possible. I hope that the testimony helped you realize how important Indiana Military installations like Naval Surface Warfare Center (NSWC) Crane and Crane Army Ammunition Activity (CAAA) are to our Nation's Defense and the Global War On Terrorism.

I am growing increasingly concerned that the DOD has not properly followed the selection criteria in making its re-alignment recommendations. One of the main criteria of the BRAC process seems to be the creation of joint centers of excellence in order to improve our efficiency while maintaining the quality of service provided to our war fighters. NSWC Crane is a joint activity providing products and services to all branches of the military. Another key criteria of the BRAC process centers on Military Value. The Military Value scores for NSWC Crane in the area of Sensors, Electronics and Electronic Warfare (S, E and EW) are higher than almost every other DOD activity.

One example of a recommendation that does not make sense is the re-alignment of Army S, E and EW work from Fort Monmouth to Aberdeen Proving Grounds. According to the Technical Joint Cross Service Group Analysis and Recommendations document dated 19 May 2005, which is available on the DOD BRAC website ([www.defenselink.mil/brac](http://www.defenselink.mil/brac)), NSWC Crane has much higher Military Value scores than both Fort Monmouth and Aberdeen Proving Grounds. In addition, NSWC Crane already has a close working relationship with the Army since it is co-located with CAAA. If the BRAC criteria are followed properly, this workload should be re-located to NSWC Crane instead of Aberdeen Proving Grounds. Additionally, this same logic applies to the Army S, E and EW work being relocated from Fort Belvoir to Aberdeen Proving Grounds. The Fort Belvoir workload should be re-aligned to NSWC Crane since NSWC Crane has existing joint S, E and EW capability as well as higher Military Value scores.

Another example of a recommendation that does not make sense is the re-alignment of S, E and EW workload from Space and Naval Warfare sites at Charleston and San Diego to NSWC Dahlgren. NSWC Crane has higher Military Value scores than Charleston, San Diego and Dahlgren and should have been designated as the receiving site for this workload.

The Honorable Samuel Knox Skinner  
BRAC Commissioner  
Base Realignment and Closure Commission  
2521 South Clark Street, Suite 600  
Arlington, VA 22202

Dear Commissioner Skinner,

I would like to take this opportunity to thank you for your recent visit to NSWC Crane, CAAA and Southern Indiana. As a concerned taxpayer I support the work you are doing to ensure that our Military operations remain as effective and affordable as possible. I realize that you have a very difficult job in deciding which activities to re-align or close as part of the BRAC process. I hope that your visit helped you to realize what important assets NSWC Crane and CAAA are to our Nation's Defense and the Global War On Terrorism.

I have been following the BRAC process closely since the proposed closure/re-alignment list was published and I am growing increasingly concerned that DOD has not properly followed the law in developing recommendations. The DOD is required to take into account the return on investment resulting from its closure/re-alignment recommendations. In reviewing the cost data that is available on the E-library at the BRAC Commission website ([www.brac.gov](http://www.brac.gov)) I have come to the conclusion that moving Chemical and Biological workload from NSWC Crane to Edgewood in Maryland does not result in any costs savings. It appears that, of the four sites being re-aligned to Edgewood (NSWC Crane, NSWC Dahlgren, Falls Church and Fort Belvoir), only the Falls Church and Fort Belvoir generate any return on investment. The NSWC Crane and NSWC Dahlgren re-alignments cost more than they save. In fact it appears that, when added together, the four re-alignments to Edgewood result in a net loss rather than net savings. In other words the only way this scenario will save money is if the NSWC Crane and NSWC Dahlgren portions of the re-alignments are eliminated!

I urge you to reconsider the recommendation to re-align work from NSWC Crane by properly taking into account the Return On Investment requirements of BRAC law.

Very Respectfully,

**OPERATION KEEP CANNON**

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

*Steve Green*

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

*Mary E. Cravy*

Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

JUL 15 2005

## OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

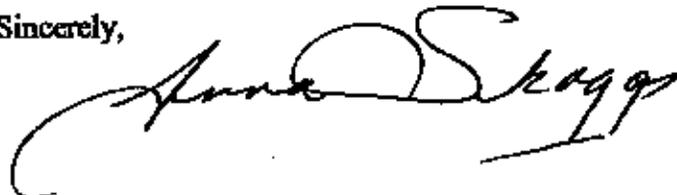

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY.
