Dear BRAC Commission, I don't want Cannon AFB to close.

I have lived here 9 years which is my life. I have made friends here and it seems wrong for all of that to go.

Also if our base closes what is going to happen to White, the Sands, the Belridge Bombing Range and Los Alamos Lab.

Plus we have very good air space and the base can also extend. If our base closes half of Clovis will close. This is the main thing; if you take the base you will take part of us.

Sincerely, Seth
