Keep Cannon
Dear BRAC Committee man,

This base, that people want to close, is a very important piece of Clovis. If it is taken away then so much more will be taken away from the people of Clovis. I have a lot of friends that are military kids. So if the base is taken they will have to go. Not only my friends, but so many other peoples friends.

It will be a tragic thing for Clovis and all the people in it, because this city will stop growing in population, thereby there will be no need to make more houses. Clovis is such a great place and it doesn't deserve to lose this great and awesome base.

So please findin your heart to help us keep our base.

Sincerely,
Fizza Mahdi
