My name is Kathleen Chandler. I live in Farwell, TX, but I work in Clovis, NM. The company I work for ENMRSH, Inc. finds jobs in the community for the handicap. Cannon Air Force Base has supported the "handicap in the workplace effort" tremendously! Not only would closing Cannon be an economic disaster but it would put at least 100 handicap people out of a job. The "healthy" adults would get first pick at any jobs available elsewhere, where would that leave the handicap, and how are they going to be able to stay independent and support themselves?

Please save Cannon!!
