Dear BRAC:

I am a Freshman at Portales High School in Portales, New Mexico.

I want Cannon Airforce Base to remain open, Cannon Airforce Base is home to many useful weapons that could come in handy if the war on Terrorism comes to the home front.

If you shut down Cannon then a lot of people will have to move away so they can be assigned to a new base. A lot of people will have to leave their families, their friends, their home. Some families may have to be split up which could lead families to fight and divorce which could lead to a person becoming depressed and try to kill or badly hurt themselves.

In conclusion Cannon Airforce Base should not be shut down.
Thank you for your time.

Sincerely

Jerry Montoya
