Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Dorothy Shields

____/____/____

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Maria Bonaiuto

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

- The federal government has invested more than \$35 million in Niagara Falls since 1995 in new facilities.
- Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
- Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
- Niagara Falls existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
- Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Lyle Whitford
Therella Whitford

May 17, 2005

BRAC Commission
Washington, D.C.

To Whom It May Concern:

The Department of Defense has recommended to the BRAC Commission that the Niagara Falls Air Reserve Station be closed. This comes as a very big disappointment to the western New York Community. As Niagara County's second largest employer with nearly 3,000 workers, this would deliver another devastating blow to our region's already declining economy.

The base site lies within close proximity to four major border crossings between the U.S. and Canada, along with the New York State Power Authority's Hydropower complex, which harnesses the waters of the Niagara River and supplies substantial power to the Northeast United States Grid.

While the base serves as a logistical backbone for the war on terror, it is also strategically placed and fully expandable to allow the addition of a fighter squadron to further secure America's northern border and power grid infrastructure. It should be EXPANDED rather than closed.

According to the Niagara Military Affairs Council:

*Closure of the Niagara base would reduce the Air Force presence in NY by 40%, and eliminate the LAST Federal Air Force flying mission in the state. Since 1995, the Niagara base has been modernized with \$35M in new facilities and lengthened runways, which have improved the operational effectiveness of the wings.

*The Niagara base has reduced its Base Operations Support costs by not less than 33% (to include a 25% reduction in utilities) to make the base one of the MOST COST EFFICIENT FACILITIES IN THE Air Force Reserve Command.

*Closure of the base would also eliminate the ability to RECRUIT and RETAIN New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.

*Niagara Falls existing infrastructure can accommodate 8 ADDITIONAL C-130 model aircraft WITHOUT ANY MILITARY CONSTRUCTION.

*Niagara Falls faces no physical encroachment or air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I request that you STRONGLY RECONSIDER the decision to close this base. The fine men and women in the 107th Air Refueling Wing and the 914th Airlift Wing have been and continue to be instrumental in securing the home front and fighting the war on terror overseas.

Thank you for your consideration regarding this very important matter.

Sincerely,

Tawissa S Woolley

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely, *Joe Gizzarelli*

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

A Concerned Citizen

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Nick Schette

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Barbara A. Dominick

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Thomas Siranni

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Elijah

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Melissa

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

(A Concerned Citizen)

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the base from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Especially during a time when the country is struggling financially, it doesn't make sense to spend more money to do the same job. In addition, in a time when military recruitment is low you are going to close a base that has always had the support of the community and whose reserve and guard members have always served their country honorably and with tremendous skill and knowledge of their jobs. Close this base and you will lose the support of present reserve and guard members and of future members who will not join because there will be no where, locally, to serve. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead helicopter C-130 unit in the reserves? In a time when our troops in Iraq need all of the support they can get you will be taking away a base that provides that support.

Also, how will the Department defend the region? A region with one of the largest power generating facilities in the country. A region which supplies electrical power to a large portion of the eastern seaboard. Not to mention a region with an International boarder. Will the Guard respond to man-made or natural disasters when they occur after these massive cuts? In a time when HOMELAND SECURITY is suppose to be a top priority you will be taking away a base that is in a position of protect an International boarder. A base that is in a position to protect a key power generating facility. Where is the HOMELAND SECURITY for our region?

I urge the Commission in the strongest possible terms to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop continuing retreat of the military from our region of the country. It is poor decisions such as this that put our communities at risk and opens up regions to attacks such as those that occurred on September 11. Please reconsider the closing of the Niagara Falls AFB

Sincerely,

FRANK KARAM

Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? In a time when our troops in Iraq need all of the support they can get you will be taking away a base that provides that support.

Also, how will the Department defend the region? A region with one of the largest power generating facilities in the country. A region which supplies electrical power to a large portion of the eastern seaboard. Not to mention a region with an International border. Will the Guard respond to man-made or natural disasters when they occur after these massive cuts? In a time when HOMELAND SECURITY is suppose to be a top priority you will be taking away a base that is in a position of protect an International border. A base that is in a position to protect a key power generating facility. Where is the HOMELAND SECURITY for our region?

I urge the Commission in the strongest possible terms to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop continuing retreat of the military from our region of the country. It is poor decisions such as this one that put our communities at risk and opens up regions to attacks such as those that occurred on September 11. Please do not let the closure of the Niagara Falls AFB.

Sincerely,

A Concerned Citizen

BRAC Commission

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the base from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Especially during a time when the country is struggling financially, it doesn't make sense to spend more money to do the same job. In addition, in a time when military recruitment is low you are going to close a base that has always had the support of the community and whose reserve and guard members have always served their country honorably and with tremendous skill and knowledge of their jobs. Close this base and you will lose the support of present reserve and guard members and of future members who will not join because there will be no where, locally, to serve. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserve? In a time when our troops in Iraq need all of the support they can get you will be taking away a base that provides that support.

Also, how will the Department defend the region? A region with one of the largest power generating facilities in the country. A region which supplies electrical power to a large portion of the eastern seaboard. Not to mention a region with an International boarder. Will the Guard respond to man-made or natural disasters when they occur after these massive cuts? In a time when HOMELAND SECURITY is suppose to be a top priority you will be taking away a base that is in a position to protect an International boarder. A base that is in a position to protect a key power generating facility. Where is the HOMELAND SECURITY for our region?

I urge the Commission in the strongest possible terms to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop continuing retreat of the military from our region of the country. It is poor decisions such as this one that put our communities at risk and opens up regions to attacks such as those that occurred on September 11. Please reconsider the closing of the Niagara Falls AFB.

Close this base and you will lose the support of present reserve and guard members and of future members who will not join because there will be no where, locally, to serve. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves? In a time when our troops in Iraq need all of the support they can get you will be taking away a base that provides that support.

Also, how will the Department defend the region? A region with one of the largest power generating facilities in the country. A region which supplies electrical power to a large portion of the eastern seaboard. Not to mention a region with an International boarder. Will the Guard respond to man-made or natural disasters when they occur after these massive cuts? In a time when HOMELAND SECURITY is suppose to be a top priority you will be taking away a base that is in a position of protect an International boarder. A base that is in a position to protect a key power generating facility. Where is the HOMELAND SECURITY for our region?

I urge the Commission in the strongest possible terms to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop continuing retreat of the military from our region of the country. It is poor decisions such as this one that put our communities at risk and open up regions to attacks such as those that occurred on September 11. Please reconsider the closure of the Niagara Falls AFB.

Sincerely,

A Concerned Citizen

Chairman Anthony J. Principi
 Base Realignment and Closure Commission
 2521 South Clark Street suite 600
 Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the base from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Especially during a time when the country is struggling financially, it doesn't make sense to spend more money to do the same job. In addition, in a time when military recruitment is low you are going to close a base that has always had the support of the community and whose reserve and guard members have always served their country honorably and with tremendous skill and knowledge of their jobs. Close this base and you will lose the support of present reserve and guard members and of future members who will not join because there will be no where, locally, to serve. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves? In a time when our troops in Iraq need all of the support they can get you will be taking away a base that provides that support.

Also, how will the Department defend the region? A region with one of the largest power generating facilities in the country. A region which supplies electrical power to a large portion of the eastern seaboard. Not to mention a region with an International boarder. Will the Guard respond to man-made or natural disasters when they occur after these massive cuts? In a time when HOME AND SECURITY is suppose to be a top priority you will be taking away a base that is in a position to protect an International boarder. A base that is in a position to protect a key power generating facility. Where is the HOME AND SECURITY for our region?

I urge the Commission in the strongest possible terms to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop continuing retreat of the military from our region of the country. It is poor decisions such as this one that put our communities at risk and open our regions to attacks such as those that occurred on September 11. I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Natalie A. B...

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Oppose the Pentagon's recommendation and keep the base open.

Sincerely,

Mrs. Jean M. Willis

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night mission C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Rahsaan

 6/24/2005

June 1, 2005

Chairman Anthony J. Principi
 Base Realignment and Closure Commission
 2521 South Clark Street suite 600
 Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the base from the list.

It is hard to understand way the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Especially during a time when the country is struggling financially, it doesn't make sense to spend more money to do the same job. In addition, in a time when military recruitment is low you are going to close a base that has always had the support of the community and whose reserve and guard members have always served their country honorably and with tremendous skill and knowledge of their jobs. Close this base and you will lose the support of present reserve and guard members and of future members who will not join because there will be no where, locally, to serve. Of all the bases to pick to close, how do you close the base whose crew helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves? In a time when our troops in Iraq need all of the support they can get you will be taking away a base that provides that support.

Also, how will the Department defend the region? A region with one of the largest power generating facilities in the country. A region which supplies electrical power to a large portion of the eastern seaboard. Not to mention a region with an International boarder. Will the Guard respond to man-made or natural disasters when they occur after these massive cuts? In a time when HOMELAND SECURITY is suppose to be a top priority you will be taking away a base that is in a position of protect an International boarder. A base that is in a position to protect a key power generating facility. Where is the HOMELAND SECURITY for our region?

I urge the Commission in the strongest possible terms to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop continuing retreat of the military from our region of the country. It is poor decisions such as this one that put our communities at risk and opens up regions to attacks such as those that occurred on September 11. Please reconsider the closing of the Niagara Falls AFB.

Sincerely,

A Concerned Citizen

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

A Concerned Citizen

Matthew J. Kelly

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

A Concerned Citizen

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Thomas Smith

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

A Concerned Citizen

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

(A Concerned Citizen)

____/____/____
Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

(A Concerned Citizen)

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

(A Concerned Citizen)

Paul Barker

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Jinda L. Saph

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

(A Concerned Citizen)

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Pamela Obee
