

Dear *Mr. James Hansen,*

I am writing today concerning the proposal that has been given by the BRAC Commission.

BRAC Commission

I strongly disagree with your recommendations to move the F-16 Jets from the 113th Fighter Squadron of the 181st Fighter Wing of the Air National Guard located in Terre Haute, Indiana.

Everyone in any place of authority here in Indiana seems only concerned with the possible down-sizing of Crane due to the loss of civilian jobs and the effect to the economy in Martin County, Indiana.

No one seems to support or care about the military personnel in Terre Haute. This Fighter Wing has served America well by a deployment to Kuwait during the Gulf War. Also two deployments to Turkey to fly and enforce

the United Nations Resolutions over the skies of Iraq.

Two of the pilots from the Terre Haute Unit volunteered to go with the Michigan Air Guard Unit on their deployment to Iraq for 4-5 months last year during the Iraq War. They flew missions over Iraq defending our goal for Iraq's freedom and keeping terrorism over there and out of America.

Now our "" thanks"" to these Veteran Pilots and military support personnel is we will give your jets to the unit in Fort Wayne ?? What is everyone thinking ?? Are we going to treat these Vets like we did the Vietnam Vets ? You did your job , oh by the way we do not need you anymore here in Terre Haute.

Many will have to relocate to other units or have

no slots available to transfer to , resulting in loss of employment.

I truly feel the message you are sending to the world and the American citizens is a negative one during this time of active terrorism. I feel it shows incredible weakness to our Homeland Security to be downsizing and closing bases.

In closing I pray you will think of these courageous military service men's and women 's loyalty and unselfish duty they have performed in the past and are willing and able to do in the future to serve and protect Indiana and America.

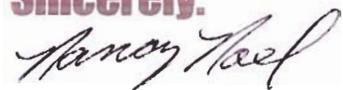

Please remember with the stroke of your pen you are deciding the fate of their careers and their family's futures and maybe just maybe America's and your own safety here

in Indiana.

Respectfully I await your vote on this important matter

concerning your state and America.

Sincerely.
