COL Kurt Weaver, Deputy Director, TABS

*Commission Staff:*

- The issues of MILPAY and 'brain drain' warrant a presentation during the Army's testimony before the commission.
- TABS would like access to as much information regarding Commission concerns as possible so that the Army does not misspend its time during testimony.
- Testimony about financing the implementation of the Department's recommendations would be useful.
- TABS should concentrate their efforts on preparing testimony that could prove useful to the Commission: the what, the why and the how of their original recommendations.
- The Army may be well served if it offers testimony about the effects of not enacting certain recommendations.

Meeting was adjourned at approximately 1100, 4 August, 2005.
