**PARTICIPANTS:**

**MEETING SUMMARY:**

- Discussed the recommendation language and COBRA data on personnel
- Discussed military value. LTG Blum<Chief, NGB, has directed NGB reorganization of Army and Air staff to new Joint configuration. The goal is to reflect Joint transformation that has recently been accomplished in all the of the State's National Guard Headquarters. This move will support the creation of Joint staff at the national level.
- Of the 1260 persons moving out of JP1 in Crystal City about 400 will go to Andrews AFB and 700 will go Arlington Hall. Also, as part of this move, 160 personnel directly supporting the Chief, National Guard Bureau would move to offices in the Pentagon.
- JP 1 has significant force protection deficiencies. Underground parking is not fully controlled. Half of it belongs to Crown Plaza Hotel and is only separated by chain link fencing. There is a uncontrolled drive way that come up to within 10 feet of the front door. A public road way is only 30 feet away.
- In informal surveys, no civilian personnel indicated that they would leave the organization if this move happened.
