August 15, 2005

Dear Mr. Principle and other
members of the BRAC:

First of all, I would like to compliment all of you on the job you have done regarding the BRAC. I have slept at night and watched C-Span. You people have dealt with each and everyone just as though it was a member of your own family. That is what America is all about. Sadly, these days some people are not as concerned. Thank you for your work.

I once again, would like to appeal to you regarding the 188th AR ANG Guard in Ft Smith, Arkansas.

These people were not scored correctly on the BRAC list.

Currently, there are still several deployed for the justice and freedom of the Iraqis. Help! Several returned home last week. They were happy to see families and be home

but they still have it
hanging over their heads above
the 188th.

This base is a training
facility. We have perfect
fire space for night and
daytime training. We compliment
it Chaffee.

These people received the
highest marks on their
inspections nights before
deployment.

Our fire fighting unit has
a training site that is the
only one by fire in the
U.S. who can simulate any
combustible agent. The others
can only use propane. They
provide a safe atmosphere to
train military and civil
engineering firefighters safely
to handle everything presented
to them back home.

I saw a picture of an
American firefighter over the
weekend in Iraq. I wondered
if he trained at the 188th.

They have been used more
than the others (for in
the last year).

Please keep us flying
so all of our personnel
will be able to stay.

I know you are tired of
hearing from me. I believe
in the 1884th. I believe
in my brother who is
breasted.

This day and age we
must stand up for what
we believe in and not
wait for our neighbor to
take our business.

Please give us another
chance.

Thank you. My prayers
are with you as you get
ready to vote.

Sincerely,

Frank Gable
