Thank you for hearing
my plea.

I am a concerned
citizen and am
asking you to please
stop the base closing
These closings could
be detrimental to
our future defense for
our nation. Again
I am in opposition to
the base closings -

A Concerned Citizen
June Roth

Received August 15, 2005

Ladies and Gentlemen of BRAC,

Cost savings is a critical goal of any department of government. However, dismanteling the only shipyard that would service our Atlantic fleet can not be cost effective.

Talking about international law and progressively strengthening a UN peace force can not be what your department condones, much less gives assent to in this day when China has us by the throat!

Do not be part of the apparent plot to overthrow our nation from within! Just say NO to those military closings under consideration!

Respectfully,
Mary Ann Sanfilippo

17 August 2025.

Sirs,

It will be much appreciated if your offices would send a listing of hand which relates to proposal BRAC wa closings being discussed on current TV programmes.

Many thanks —
