

Date Aug 15, 05

Dear BRAC Commission Members,

I respectfully ask you to reverse the recommendation of the Secretary of Defense regarding closure of the New London Sub Base.

This base is an integral part of our community in southeastern Connecticut. The negative impact of closure on our local and state economy far exceeds the documented benefit to relocate our defense installations.

Thank you for your work and your consideration.

Sincerely,

Subject: Save the New London Naval Submarine Base

Dear Commission,

Closing the world's premier submarine base makes no sense. The state of Connecticut prepared a new analysis that says it will cost the Navy \$641 million over 20 years to close the Naval Sub Base not save 1.7 billion as the DoD has projected.

America's Security and Connecticut's economy are at Risk!! Closure our Sub base would mean the loss of 31,500 jobs and 3.3 billion less in our State economy. The Pentagon's plan to move the submarine school to Kings Bay Ga seriously underestimated the costs. Closure and relocation will save little and risk much. America's Security and Connecticut's economy need your help!!

Save the Sub Base
